INDEPENDENT AUDITORS' REPORT

To: **Shareholders**
 Boards of Management, Supervisors and General Directors
 LICOGI 13 Joint Stock Company

We have audited the accompanying consolidated financial statements of LICOGI 13 Joint Stock Company as set out on pages 06 to page 54 prepared on 27/3/2025 including the Consolidated Balance Sheet as at 31/12/2024, and the Consolidated Income Statement, and Consolidated Cash flows Statement for the year then ended, and Notes to the consolidated financial statements.

Responsibility of the Board of General Directors

The Company's Board General of Directors is responsible for the true and fair preparation and presentation of these financial statements in compliance with Vietnamese Accounting Standards, Vietnamese Accounting System and the statutory requirements relevant to the preparation and presentation of the financial statements, and for the internal control as the Board of General Directors determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Responsibility of Auditors

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. These Standards require us to comply with the Standards and codes of ethics, to plan and perform the audit to obtain reasonable assurance as to whether the Company's consolidated financial statements are there any significant errors or not.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The audit procedures are selected based on the auditor's judgment, including the assessment of risks of material misstatement in the financial statements due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design appropriate audit procedures to the actual situation, which is not intended to give an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Auditors' opinion

In our opinion, the accompanying consolidated financial statements gives a true and fair view of, in all material respects, the consolidated financial position of the LICOGI 13 Joint Stock Company as at 31 December 2024 and the results of its operations and its cash flows for the year then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to preparation and presentation of the consolidated financial statements in Vietnam.

Emphasis of Matter

We draw attention to Note 7.3 - Reclassification and retroactive adjustment of the Notes of the Consolidated Financial Statements, the Board of Directors has reclassified and retroactively adjusted some items of consolidated financial statements on January 1, 2024.

Our audit opinion is not qualified in respect of this matter.

Other Matter

The Company's consolidated financial statements for the year ended 31/12/2023 have been audited by other auditors and other auditing firms. Audited Report No. 204/BCKT-TC issued on 29/3/2024 with unqualified opinion.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st December 2024

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation of the consolidated financial statements

The consolidated financial statements of the Company are prepared in accordance with Circular 202/2014/TT-BTC dated December 22, 2014, of the Ministry of Finance on Guidelines for the preparation and presentation of consolidated financial statements.

The attached consolidated financial statements are expressed in Vietnam Dong (VND), under the historical cost convention and in accordance with Vietnamese Accounting Standards, Vietnamese Accounting System and legal regulations relevant to the preparation and presentation of financial statements.

The accompanying consolidated financial statements consolidate the financial statements of the Company and the financial statements of its controlled entities (subsidiaries). All intercompany transactions and balances between entities within the Parent Company are eliminated in the consolidation process. Where necessary, the financial statements of subsidiaries are adjusted to ensure consistency in accounting policies applied by the Company and its subsidiaries.

Non-controlling interests include their share of net assets as of the initial business combination date and their proportionate share in changes in total equity since the business combination date. Losses incurred by the subsidiary must be allocated in proportion to the non-controlling shareholders' ownership, even if such losses exceed the non-controlling shareholders' share in the net assets of the subsidiary.

The accompanying consolidated financial statements are not intended to present the financial position, results of operations and cash flows in accordance with accounting principles and practices generally accepted in countries and jurisdiction other than Vietnam.

Accounting estimates

The preparation of consolidated financial statements in compliance with Vietnamese Accounting Standards, the current Vietnamese enterprise accounting regime and legal regulations related to the preparation and presentation of consolidated financial statements requires the Board of Directors to make estimates and assumptions affecting the data reported on debts, assets and the presentation of liabilities and potential assets at the date of the consolidated financial statements as well as reporting figures on revenue and expenses throughout the financial year. Actual business results may differ from estimates and assumptions.

Cash and cash equivalents

Cash: Includes cash, bank deposits (non-demand). Cash and bank deposits are recorded on the basis of actual revenues and expenditures.

Cash equivalents comprise short-term deposits and highly liquid investments with an original maturity of less than 3 months that are readily convertible to known amounts of cash and that are subject to an insignificant risk of changes in value.

Financial investments

Investments in associates which the Company has significant influence are stated at Equity method in the consolidated financial statements.

The income, assets, and liabilities of associates are consolidated in the financial statements using the equity method. Capital contributions to associates at cost are adjusted for changes in the Company's share of the net assets of the associate after the date of acquisition. If the loss of an associate exceeds the Company's capital contributions in the associates, the loss is recognized by the company only in the amount of contributed capital.

Investments in subsidiaries, joint ventures, associates and other investments are presented at cost less allowance for diminution in value (if any) in the balance sheet.

Allowance for losses of investments in associates and investments in equity instruments of other entities is made when there is apparent evidence for impairment in value of the investments as at the balance sheet date.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st December 2024

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Financial investments (Continued)

Other investments are recorded at cost, including purchase price plus directly attributable acquisition costs. After the initial recognition, these investments are measured at cost less allowance for diminution in value of investments.

Allowance for losses of investments in equity instruments of other entities is made when there is apparent evidence for impairment in value of the investments as at the balance sheet date.

Held to maturity investments are those that the Company has intention and ability to hold until maturity. Held to maturity investments includes: term bank deposits with original maturities of more than 3 months (including bills and promissory notes), held-to-maturity loans for the purpose of earning periodic interest and other held-to-maturity investments

Held-to-maturity investments are initially recognized at cost including the purchase cost and other transaction costs. Interest from these held-to-maturity investments after acquisition date is recognized in the profit or loss on the basis of the interest income to be received. Interests arising prior to the Company's acquisition of held-to-maturity investments are recorded as a decrease in the costs as at the acquisition time. Held-to-maturity investments are stated at cost less allowance for bad debts. Allowance for bad debts of held-to-maturity investments is made in conformity with current accounting regulations.

Loans are stated at cost less allowance for doubtful loans. Allowance for doubtful loans is made in conformity with current accounting regulations.

Receivables

The receivables comprise the customer receivables and other receivables. Receivables are recognized at the carrying amounts less allowances for doubtful debts.

Allowance for doubtful debts is assessed and made for overdue receivables that are difficult to be collected, or the debtor is unable to pay due to dissolution, bankruptcy or similar difficulties.

Inventories

Inventories are measured at the lower of cost and net realizable value. Cost of inventories comprise costs of direct materials, direct labor, and general operation (if any) incurred in bringing the inventories to their present location and conditions. Net realizable value is the estimated selling price of inventory items less all estimated costs of completion and costs of marketing, selling and distribution

Inventories shall be accounted according to the method of regular declaration and calculation of prices according to the weighted average method.

The Company's allowance for impairment of inventories is made when there is reliable evidence of impairment of the net realizable value compared to the history cost of inventories.

Tangible fixed assets and Depreciation

Tangible fixed assets are stated at history cost less accumulated depreciation. Historical costs of tangible fixed assets include all the expenses paid by the Company to bring the asset to its working condition for its intended use.

When a fixed asset is sold or liquidated, the historical cost and accumulated depreciation are written off and any interest or loss arising from the liquidation is included in other income or other expenses in the period.

Tangible fixed assets are depreciated in a straight-line method based on estimated useful life. The specific depreciation time is as follows:

	<u>Year</u>
Buildings and structures	07 - 30
Machinery, equipment	06 - 15
Transportation means	05 - 10
Office equipment	03 - 07

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st December 2024

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Intangible fixed assets and Amortization

The Company's intangible assets are accounting software, land use rights and other intangible assets, which are stated at historical cost. These assets are presented on the consolidated balance sheet under the categories of cost, accumulated depreciation, and net book value.

Accounting software is amortized on a straight-line basis over its estimated useful life of 03 years. Land use rights for indefinite term is not amortized.

Finance leases as lessee

A lease is classified as a finance lease if it transfers substantially all the risks and rewards incident to ownership belonging to the lessee. All other leases are considered operating leases.

A *finance lease* is recognized as a finance lease asset or finance lease liability on the balance sheet based on the lower value of the fair value of the leased asset and the present minimum value of the lease liability at the initial time of the lease.

Payments for finance leases are divided into finance charges and principal payables. Financial expenses are calculated for each accounting period during the lease term at a fixed rate of interest on the remaining outstanding balance.

Financial leased assets are depreciated in accordance with the straight-line method over their estimated useful lives like the Company owned assets or over the leased term in case the leased term is shorter, in details:

	<u>Years</u>
Machinery, equipment	06 - 15
Transportation means	05 - 10

Investment properties

Investment properties include land use rights and buildings, structures held by the Company for the purpose of earning rentals or awaiting higher price, which is stated at cost less accumulated depreciation.

The historical cost of investment property includes all expenses (cash and cash equivalents) paid by the Company, or the fair value of other amount exchanged to acquire the investment property by the time of purchase or construction of the investment property.

Cost related to investment property incurred after initial recognition must be recognized as Cost for Production and Business in the year, unless the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of an item of investment property beyond its originally assessed standard of performance, the expenditure is capitalized as an additional cost of investment property.

Investment property for lease is amortized on a straight-line basis over its estimated useful life as 34 years. The Company does not depreciate investment property awaiting price appreciation.

Construction in progress

Construction in progress reflects the Properties in progress for production, leasing, administrative purposes, or for any other purposes are recognized at the historical cost. This cost includes relevant service fees, interest fees in accordance with the Company's accounting policies. Depreciation of these assets is the same as the other assets, commencing from these assets are ready for their intended use.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st December 2024

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Prepaid expenses

Prepaid expenses comprise actual expenses arising but relevant to financial performance in several accounting periods and the transfer of these expenses into the production costs of subsequent accounting periods.

Prepaid expenses are recorded at the original price and classified by short-term and long-term on the Balance Sheet based on the prepaid period of each contract.

Long-term prepaid expenses related to tools and equipment are initially recognized at cost and allocated using the straight-line method with useful life of not exceeding 36 months.

Payables

The account payables are monitored in details by payable terms, payable parties, original currency and other factors depending on the Company's management requirement.

The account payables include payables as trade payables and other payables which are determined almost certainly about the recorded value and term, which is not carried less than amount to be paid. They are classified as follows:

- Trade payables: reflect payables of commercial nature arising from the purchase of goods, services, or assets, payables for import through trustees of which the seller is an independent entity with the Company, including payables between the parent company and its subsidiaries, and associate companies.
- Other payables reflect payables of non-commercial nature and irrelevant to purchase, sales of goods or provisions of services.

Loans and finance lease liabilities

Loans and finance lease liabilities include loans, financial leases, excluding loans in the form of bonds or preference shares with terms that the issuer is required to repurchase at a certain point in the future.

The Company monitors loan amounts and financial liabilities in details by each type and classifies them into short-term and long-term according to repayment term.

Expenses directly related to the loan are recognized to financial expenses, except for expenses incurred from a consolidated loan for investment, construction or production in progress, which are capitalized according to Accounting Standard "Borrowing costs".

Recognition and capitalization of Borrowing costs

All other borrowing costs are recognised in the Income statement when incurring, except for the borrowing cost capitalized under Vietnamese Accounting Standards "Borrowing cost". The borrowing costs includes:

- Interest expenses: Determined and recorded monthly on the basis of interest rate and principal balance.
- Guarantee costs incurred are allocated in accordance with the loan term.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st December 2024

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Accrued expenses

Accrued expenses are those already recorded in operating expenses in the period/year but not actually paid to ensure that when these expenses actually occur, they will not have a significant influence on operating expenses based on matching principle between income and expenses. The Company recognizes accrued expenses as follows:

- Interest expenses due in advance under the loan contract
- Cost of labor, supplies and fuel: deducted in advance according to the estimate dossier on the basis of the completed workload. The company criticized in advance the cost to temporarily calculate the cost price for completed works/items that were determined to have been sold in the year but did not have enough records and documents to accept the volume. The amount of pre-deducted expenses temporarily calculated must correspond to the cost price norm calculated according to the total estimated cost of the work/item determined to be sold.

Provisions

The recognized amount of a provision for payables is the best estimate of the amount that will be required to settle the present obligation as at the fiscal year end date or balance sheet date.

When the difference between the provision for payables made in the previous accounting period that has not yet been used up is larger than the provision for payables made in the reporting period, it shall be reversed and recorded as a decrease in production and business expenses in the period, excluding the larger difference of the provision payables for warranty of construction works reversed into other income in the period.

The Company's payable provisions include: Provision for major repair of fixed assets and provision for warranty of construction and installation works, calculated according to the percentage of the value of the work specified in each construction and installation contract.

Owners' equity

Capital is recorded according to the actual amounts invested by shareholders.

Other sources of capital are due to the supplementation from business profits.

Profit after corporate income tax is distributed to owners/shareholders/members after setting up funds in accordance with the Company's Charter as well as the provisions of law and approved by the Annual General Meeting of Shareholders.

Capital surpluses are recorded in accordance with the difference between the issuance price and face value upon the IPO, additional issue, or the difference between the re-issuance price and carrying value of treasury shares and the equity component of convertible bonds upon maturity date. Expenses directly related to the additional issue of shares and the re-issuance of treasury shares are recorded as a decrease in share premiums.

Treasury shares are recorded at purchase price and presented as a reduction in owners' equity on the balance sheet.

Dividends are declared and paid based on the estimated profits achieved. Final dividends are declared and paid in the following year from undistributed profits based on the approval of the Shareholders' Council at the Company's Annual General Meeting.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st December 2024

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue and other income

Revenue from services

Revenue from services is recognized when the outcome of that transaction can be reliably determined. Where a transaction involving the rendering of services is attributable to several periods, revenue is recognized in the year by reference to the percentage of completion of the transaction at the balance sheet date of that period. The outcome of a transaction can be measured reliably when all four (4) following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company;
- Identify the completed work as at the balance sheet date; and
- Determine the costs incurred for the transaction as well as the cost to complete the transaction to provide that service.

Revenue from sale of goods and products

Revenue from sale of goods shall be recognized when it satisfies all the conditions below:

- The Company has transferred to the buyer the significant risks and reward of ownership of the goods;
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company; and
- Costs related to transactions can be determined.

Revenue of construction

Revenue and expenses of construction are recognized in accordance with the Company's accounting policy on construction contracts. Revenue and expenses of construction contracts are recognized in the following cases:

- (i) In cases where the construction contract stipulates that the Company is paid according to the value of the volume of work performed, when the results of the construction contract are determined reliably and confirmed by the customer, the revenue and expenses related to the contract are recognized corresponding to the completed work confirmed by the customer in the year reflected in the issued invoice.
- (ii) When the revenue of the contract cannot be estimated reliably, in cases where the Company can recover the expenses of the contract, the revenue is recognized equally to the incurred costs which are likely to be recovered. In such cases, no profit is recognized, even if the total costs of the contract may exceed the total revenue of the contract.

Revenue from the sale of real estate

The Company's revenue from sale of real estate is recognized when it satisfies all following conditions:

- The real estate is totally completed and handed over to the buyer. The Company has transferred the significant risks and rewards of ownership of the real estate to the buyer;
- The Company does not retain managerial right over the real estate as the owners or control involvement with the real estate.
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company.
- The costs incurred in respect of the transaction can be measured reliably.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31st December 2024

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Revenue and other income (Continued)

Revenue of operating lease

Revenue of operating lease is recognized on a straight-line basis over the lease term. Rental payments received in advance of many periods are recognized to revenue in accordance with the lease term.

Revenue from interest income, dividends and profits received and other income

The revenue is recognized when the Company can obtain economic benefits from the above activities and when it is reliably measured.

Cost of goods sold

Including the cost of products, goods, services, and construction products recorded in accordance with the revenue consumed during the year.

For direct material costs consumed in excess of the normal level, labor costs, and fixed general production costs not allocated to the value of products in stock, they are recorded immediately in the cost of goods sold (after deducting compensation, if any), even when the products and goods have not been determined to be consumed.

Current corporate income tax expense and deferred corporate income tax expense

Corporate income tax expenses (or corporate income tax income): is total current and deferred income tax expenses (or total current and deferred tax) in determining profit or loss of a period.

Current income tax expenses: are corporate income tax payable calculated on taxable profit during the year and current corporate income tax rate.

The Company has an obligation to pay corporate income tax at the rate of 20% on taxable profits.

The determination of the Company's income tax is based on current tax regulations. However, these regulations change from time to time and the final determination of corporate income tax depends on the examination results of the competent tax authorities.

Earnings per share

Basic earnings per shares are calculated by dividing net profit (loss) after tax for the year attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period.

The basic earnings per share is presented on the Consolidated Financial Statements for the year ended 31 December 2024.

Related parties

A party is considered a related party of the Company in case that party is able to control the Company or to cause material effects on the financial decisions as well as the operations of the Company. A party is also considered a related party of the Corporation in case that party is under the same control or is subject to the same material effects.

When considering the relationship of related parties, the nature of relationship is focused more than its legal form.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

6.11 Basic Earnings per share (Continued)

(*): At the reporting date, the Company cannot estimate of the profit for the year ended December 31, 2024 that can be allocated to the bonus and welfare funds, remuneration for BODs or/and Board of Management. If the Company uses the bonus and welfare funds to pay remuneration for BODs or Board of management for the year ended 31/12/2024 the net profit for shareholders and basic earnings per share will reduce.

The company redetermined the profit after corporate income tax of 2023 due to the adjustment of taxes arrears and penalties according to the decision of the tax authority and the deduction of the welfare reward fund from the after-tax profit of 2023, leading to a change in the profit allocated to ordinary shares. 6. Disclosed Information:

Based on the separate and consolidated audited financial statements for the year 2024 of LICOGI 13 Joint Stock Company, we hereby provide an explanation of the variations in profit after corporate income tax in the 2024 audited financial statements compared to the same period of the previous year and the fourth quarter 2024 report compared to the 2024 audited financial statements, as follows:

• Audited Separate Financial Statements for 2024:

Content	Audited Financial Statements 2023 (VND million)	Audited Financial Statements 2024 (VND million)	Increase	
	1	2	3=1-2	4=(2-1)/1*100%
Profit After Corporate Income Tax (Audited Financial Statements 2024)	475	3.227	2752	579,37%

Reason for Variation: Profit after Corporate Income Tax in 2024 increased due to the auditor's restatement of business results following the tax inspection conclusion.

• Audited Consolidated Financial Statements for 2024:

Content	Audited Financial Statements 2023 (VND million)	Audited Financial Statements 2024 (VND million)	Increase	
	1	2	3=2-1	4=(2-1)/1*100%
Profit After Corporate Income Tax (Audited Financial Statements 2024)	-2.198	6.055	8.253	375,48%

Reason: The auditor restated the 2023 business results following the tax inspection decision, and the profit from joint ventures and associates increased in 2024.

Content	Consolidated Financial Statements for fourth quarter 2024 (VND million)	Audited Consolidated Financial Statements for 2024 (VND million)	Increase	
	1	2	3=2-1	4=(2-1)/1*100%
Profit After Corporate Income Tax (Consolidated Financial Statements for fourth quarter 2024)	1.489	6.055	4.566	306,65%

Reason: Profit after corporate income tax in 2024 increased due to the auditor's recalculation of profits from joint ventures and associates.
