NOTES TO THE FINANCIAL STATEMENTS

These notes are an integral part of and should be read in conjunction with the accompanying financial statements

1. GENERAL INFORMATION

Structure of ownership

Vicem Cement Trading Joint Stock Company ("the Company") was established and operated under the Business registration certificate No. 0100105694 by Ha Noi Department of Planning and Investment for the first time on 02/07/2007 and amended for the 9th time on 16/01/2023.

The Company's chartered capital is VND 60,000,000,000 equivalent to 6,000,000 shares, par value share is VND 10,000. The Company's shares are listed on Hanoi Stock Exchange (HNX) with the stock code TMX.

Business industry and principal activities

- Buying and selling cement
- Providing warehouse and factory rental services

Normal production and business cycle

The Company's normal course of business cycle is no more than 12 months.

Corporate structure

The structure of the Company includes the head office of the Company located at No. 348 Giai Phong Street, Phuong Liet Ward, Thanh Xuan District, Ha Noi. The Company has one subsidiary at Thai Nguyen City, Thai Nguyen Province, main activity is cement trading.

2. ACCOUNTING PERIOD AND ACCOUNTING CURRENCY

The Company's fiscal year begins on 1st January and ends on 31st December based on calendar year.

The monetary unit used in accounting period: Vietnam Dong (VND).

3. ACCOUNTING STANDARDS AND ACCOUNTING SYSTEM APPLIED

The financial statements are expressed in Vietnamese Dong (VND) and prepared under the accounting principles in conformity with the Corporate accounting system in pursuance of Circular No. 200/2014/TT-BTC issued by the Ministry of Finance on 22 December 2014, Circular No. 53/2016/TT-BTC issued by the Ministry of Finance on 21 March 2016, Vietnamese Accounting Standards and legal regulations relating to financial reporting.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1. Basis of preparation of financial statements

The financial statements are prepared on the accrual basis (except for the information related to cash flows), under historical cost principle, based on the assumption of going concern.

4.2. Estimates

The preparation of financial statements in conformity with Vietnamese Accounting Standards, the Vietnamese Corporate Accounting System, and the relevant statutory requirements applicable to financial reporting requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the period. The actual number incurred may differ from the estimates and assumptions.

4.3. Cash and cash equivalent

Cash reflects the full existing amount of the Company at the end of the accounting period, comprising cash on hand, demand deposits and cash in transit.

Cash equivalents include short-term investments with maturity less than 03 months since the date of investment, which can be converted easily into a certain amount of cash without any risk in conversion into cash at the reporting date and recorded following Vietnamese Accounting Standard No. 24 - Cash flow statement.

4.4. Receivables and provision for doubtful debts

Receivables are monitored detailed under the original terms, remaining terms at the reporting date, the receivable objects, receivable foreign currencies and other factors for the Company's management purpose. The classification of receivables comprised of trade receivables and other receivables shall comply with the principles:

- Trade receivables include commercial receivables incurred from purchase-sale transactions, including receivables from sale of exported goods under the trust for other entities;
- Other receivables include non-commercial or non-trading receivables, including: receivables from loan interests, deposit interests, dividends paid and earnings distributed; amount paid on behalf of another party; receivables from penalties, compensation; advances; pledges, collaterals, deposits, assets lending...

The Company bases on the remaining term at the reporting date receivables to classify as long-term or short-term.

Receivables are recognized not exceeding the recoverable value. Provision for doubtful debts is made for receivables that are overdue for six months or more, or when the debtor is in difficulty of solvency due to dissolution, bankruptcy, or similar difficulties in accordance with prevailing corporate accounting system.

4.5. Inventories

Inventories are stated at the lower of cost and net realizable value. Cost comprises purchase price, processing cost and other direct attributable expenses that have been incurred in bringing the inventories to their present location and condition. Net realisable value represents the estimated selling price less all estimated costs to completion and costs to be incurred in marketing, selling and distribution.

Inventories are recorded by perpetual method.

Provision for devaluation of inventories is the difference between the cost of inventories and their net realizable value as at the end of the accounting period, which is made in accordance with prevailing corporate accounting system.

4.6. Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost less accumulated depreciation. The costs of tangible fixed assets arising from purchases and construction transfer comprise purchase price and all costs of bringing the tangible fixed assets to their working condition for their intended use. The cost of tangible fixed assets which are self-constructed includes construction costs, actual production costs incurred, installation and testing costs.

Costs incurred after initial recognition are recorded as increase in the historical cost of assets if they actually improve the current status in comparison with the initial standard status of the assets, such as:

- Parts of the tangible fixed asset are modified to extend their useful life or to increase their capacity; or
- Parts of the tangible fixed asset are upgraded to significantly increase product quality; or
- New technology process is applied to reduce operation expenses of the assets.

NOTES TO THE FINANCIAL STATEMENTS

These notes are an integral part of and should be read in conjunction with the accompanying financial statements

The costs incurred for repairs and maintenance aims to restore or maintain the ability to bring the economic benefits of the assets according to the initial standard status, do not meet one of the above conditions, are recognized in the operation costs during the year.

Tangible fixed assets are depreciated using the straight-line method, depreciation is calculated by dividing the cost over estimated useful lives in conformity with the depreciation frame specified in Circular No. 45/2013/TT-BTC dated 25 April 2013 of the Ministry of Finance. The details are as follows:

	Years
Building and Structures	10 - 50
Transportation vehicles	06 - 10
Office equipment	03 - 06

4.7. Construction in progress

Properties in the course of construction for production, rental, and administrative purposes or other purposes are carried at cost. The cost includes any costs that are necessary to form the asset including construction cost, equipment cost, other directly attributable costs in accordance with the Company's accounting policy. Such costs will be included in the provisional costs of the fixed asset (if settled costs have not been approved) when they are put into use.

4.8. Payables

The payables are monitored in details under the original terms, the remaining terms at the reporting date, the payable objects, type of payables denominated in foreign currency and other factors according to the Company's management purpose. The classification of payables such as trade payables, other payables must be implemented the following principles:

- Trade payables include commercial payables incurred from purchase-sale transactions, including payables when imported goods under the trust;
- Other payables include non-commercial or non-trading payables, including: payables for loan interest, amount paid for the third party; amount which the trustor receives from relevant parties to pay under the entrusted import-export transactions; asset borrowings; payables for penalties, compensation; surplus assets without reason; payables for social insurance, medical insurance, unemployment insurance, trade union; collaterals, deposits received, etc.

The company bases on the remaining terms of payables at the reporting date to classify as long-term or short-term.

The payables are recorded not less than the payment obligations. In case there is an evidence that a loss likely occurs, the Company recognizes immediately a payable under the precautionary principle.

4.9. Accrued expenses

Accrued expenses are recognized by the properly estimated cost of goods and services used during the period due to without or insufficient documents, accounting records.

4.10. Revenue and other income

Revenue recognition from goods sold if simultaneously satisfying the following conditions:

- The Company transferred most of risks and benefits associated with ownership of goods to the customers;
- The Company did not hold the right to manage goods as the owners or the right to control goods;
- The revenue is measured reliably. When the contracts define that the customers are entitled to return goods purchased under specific conditions, the Company shall only record revenue if such specific

NOTES TO THE FINANCIAL STATEMENTS

These notes are an integral part of and should be read in conjunction with the accompanying financial statements

conditions do not exist and the customers are not entitled to return goods (unless the customers are entitled to return the goods in the form of exchanging for other goods or service);

- The Company received or will receive economic benefits from the sale transactions;
- The costs related to the sale transactions may be determined

Revenue from leasing operating: Rental income from real estate is recognized on a straight-line basis over the lease term. Rental income received in advance for multiple periods is allocated to revenue in accordance with the lease term.

Revenue from financial activities includes: deposit interest, discounted payments (if any), gains from foreign exchange differences.... Detailed as below:

- Interest income is recognized reliably on the balances of deposits and periodic actual interest;
- Foreign exchange differences reflect profit from the actual exchange differences of arising transactions denominated in foreign currencies during the period and profit from the exchange differences due to the translation of monetary items denominated in foreign currencies at the reporting date.

Other income reflects income arising from the events or separate transactions with normal business operations of the Company, besides the above revenue.

4.11. Taxation

Corporate income tax represents the sum of the tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before tax as reported in the income statement because it excludes items of income or expense that are taxable or deductible in other years (including loss carried forward, if any) and it further excludes items that are never taxable or deductible.

Deferred tax is recognized on differences between the carrying amounts of assets and liabilities and its tax base in the financial statements and is recognized using the balance sheet method. Deferred tax liability should be recognized for all taxable temporary differences, and deferred tax asset shall be recognized when it is probable that taxable profit will be available against so that temporary differences are deductible.

Deferred tax is calculated at the tax rates that are expected to apply in the year when the liability is settled or the asset realized. Deferred tax is recognized in the income statement, and recognized in the equity only when it relates to items charged or credited directly to equity.

Deferred tax assets and liabilities are offset when the company has a legally enforceable right to set off current tax assets against current tax liabilities, and when the deferred tax assets and the deferred tax liabilities relate to income taxes levied by the same tax authority and the Company intends to settle its current tax assets and liabilities on a net basis.

The determination of the taxes borne by the Corporation is based on the current interpretation of tax regulations. However, these regulations are subject to periodic variation and their ultimate determination depends on the results of the tax authorities' examinations.

Other taxes are paid in accordance with the prevailing tax laws in Vietnam.

4.12. Financial instruments

Initial Recognition

Financial assets

According to the Circular No. 210/2009/TT-BTC dated 06/11/2009 of the Ministry of Finance, financial assets are classified appropriately, for the purpose of explanation in financial statements, into financial

NOTES TO THE FINANCIAL STATEMENTS

These notes are an integral part of and should be read in conjunction with the accompanying financial statements

assets recorded at fair value through reports on business results. loans and receivables, investments held to maturity, and financial assets ready for sale. The company determines the classification of these financial assets at the time of initial recognition.

At the time of initial recognition, the financial asset is determined by the original price plus the direct transaction costs associated with the procurement of that financial asset. The Company's financial assets include cash and cash equivalents, business securities, investments held to maturity, customer receivables, loan receivables and other receivables.

Financial liabilities

According to the Circular No. 210/2009/TT-BTC dated 06/11/2009 of the Ministry of Finance, financial liabilities are classified appropriately, for the purpose of explanation in financial statements, into financial liabilities are recorded at fair value through statements of business results and financial liabilities are determined according to the allocation value. The company determines the classification of these financial liabilities at the time of initial recognition.

At the time of initial recognition, financial liabilities are determined at the original price plus direct transaction costs associated with the issuance of such financial liabilities. The Company's financial liabilities include seller payables, expenses payable, other payables, loans, and financial leases.

The following values were initially recorded

The value after the initial recognition of financial instruments is reflected at fair value. In case there are no regulations on re-determination of the fair value of financial instruments, they shall be presented according to the book value.

Offsetting Financial Instruments

Financial assets and financial liabilities that are cleared and the net value will be presented on the balance sheet, if and only if, the Company has the legal right to make the set-off of these recorded values and intends to offset them on a net basis, or acquire assets and pay liabilities at the same time.

4.13. Related parties

The parties are regarded as related parties of the Company if they have the ability to control or exercise significant influence over the Company in making financial and operating decisions or have the same key management personnel or jointly managed by another company.

Individuals with the direct or indirect voting rights can impact significantly to the Company, including close family members of these individuals (parents, spouses, children, siblings).

Key management personnel have authority and responsibility for planning, managing and controlling the operation of the Company: the directors, the managers of the Company and close family members of these individuals.

The companies managed by these individuals mentioned above with direct or indirect voting rights or through these rights they can have a significant impact on the Company, including the companies owned by the leaders or major shareholders of the Company and the companies have the same key management personnel.

Giap Nhi High-rise apartment project (1)	881.899.063	881.899.063
Housing project in Vinh Tuy (2)	200.000.000	200.000.000
Total	1.081.899.063	1.081.899.063

- (1) According to the Business Cooperation Contract No. 268/2010/HDHTKD between Vicem Cement Trading Joint Stock Company and Song Da Urban Development and Construction Investment Joint Stock Company, the parties agreed to cooperate to carry out investment preparation procedures, request to change the purpose of use of 7,804.7m² of land and invest in the construction and business of the Giap Nhi high-rise apartment complex combined with a commercial service center at Lane 1, Phan Dinh Giot Street, Phuong Liet Ward, Thanh Xuan District, Ha Noi.
- (2) According to the Consulting Contract for Investment Project Establishment No. 192/2011/TMXM-QLDA dated February 26th, 2011, Vicem Cement Trading Joint Stock Company and Vietnam Construction Design and Investment Consulting Joint Stock Company (CDC) agreed to establish the Investment Project for the construction of a residential area combined with a commercial service center in Vinh Tuy. However, the People's Committee of Hai Ba Trung District did not agree to build a high-rise apartment building, only accepting the conversion of the land to build a low-rise commercial service and office building.

According to Resolution of the Board of Directors No. 856/NQ-HDQT dated October 24th, 2012, the Company decided to temporarily suspend investment in the above 02 projects for a period of about 3 years. According to Resolution of the Board of Directors No. 299/NQ-HDQT dated March 24th, 2017, the Company assessed the current status of the project based on the new regulations on investment and real estate business of the State; developed a reporting plan and asked for opinions from Vietnam Cement Corporation and the Corporation agreed on the investment policy with the plan to select a partner to establish a legal entity to invest in the project in accordance with the provisions of law. Up to the time of preparing this Financial Statement, the above 02 projects have not been continued to be implemented.

No 605/TMXM-TCKT

Ha Noi, 18 April, 2025

Explanation of profit difference Quarter 1 for 2025
compared to the same period last year

To:

- The State Securities Commission;
- Hanoi Stock Exchange.

Pursuant to Circular No 96/2020/TT-BTC dated November 16, 2020 of the Ministry of Finance guiding the disclosure of information on the stock market.

Vicem Trading Cement Joint Stock Company would like to explain the difference in profit after tax in the 1st quarter of 2025 compared to the same period last year as follows:

I. Data:

Quota	Q1/2025	Q1/2024	Reduced spreads	Decrease Comparison
Profit after tax	-1.386.438.749	-653.097.996	-733.340.753	112,29%

II. Reasons for the difference:

Profit after tax in the 1st quarter of 2025 is -1,386 billion VND, down 0,733 billion VND, equivalent to a decrease of 112,29% over the same period in 2024 due to a number of reasons as follows:

- Profit before tax from cement business in the 1st quarter of 2025 was -2,387 billion VND, down 0,802 billion VND over the same period in 2024 (profit from cement business in the 1st quarter of 2024 was -1,585 billion VND). The reason is that the gross profit of cement business in the 1st quarter of 2025 decreased by an average of 13.445 VND/ton; selling expenses and business management expenses in the 1st quarter of 2025 decreased by an average of 7.383 VND/ton compared to the same period in 2024.

- Profit before tax from office and warehouse leasing business in the 1st quarter of 2025 is 316 million VND, an increase of 248 million VND over the same period in 2024 (profit from office and warehouse leasing business in the 1st quarter of 2024 is 68 million VND). The reason is that the Company has exploited a number of warehouse-leased units.

- Profit before tax from financial activities in the 1st quarter of 2025 is 673 million VND, down 174 million VND over the same period in 2024 (profit from financial activities in the 1st quarter of 2024 is 847 million VND). The reason is that

interest rates at banks decreased by 47 million VND; the discount on cement consumption received by the Company from But Son Company and Tam Diep Company increased by 9 million VND; the cost of discounts paid to customers who pay in advance for the purchase of cement in the 1st quarter of 2025 will increase by 136 million VND over the same period in 2024.

- Other profit before tax in the 1st quarter of 2025 is 12 million VND, down 5 million VND over the same period in 2024 (other profit in the 1st quarter of 2024 is 17 million VND).

Vicem Trading Cement Joint Stock Company would like to assure that the above explanations are completely correct and in accordance with the reality arising at the Company.

Respectfully report to the State Securities Commission and the Hanoi Stock Exchange the above explanatory figures.

Best regards!
