These notes form an integral part of and should be read in conjunction with the accompanying 2nd quarter financial statements.

1. Reporting entity

(a) Ownership structure

Saigon - Songlam Beer Joint Stock Company (“the Company”) is incorporated as a joint stock company in Vietnam.

On 16 June 2017, the Company’s shares were officially traded on the unlisted public companies market (UPCOM) of the Hanoi Stock Exchange in accordance with Decision No. 421/QĐ-SGDHN dated 8 June 2017 of the Hanoi Stock Exchange with the code of BSL.

(b) Principal activities

The principal activities of the Company are to produce and trade beer products.

(c) Normal operating cycle

The normal operating cycle of the Company is generally within 12 months.

(d) Company structure

As at 30 June 2025 the Company had 174 employees (1/1/2025: 176 employees).

2. Basis of preparation

(a) Statement of compliance

The interim financial statements have been prepared in accordance with Vietnamese Accounting Standards, the Vietnamese Accounting System for Enterprises and the relevant statutory requirements applicable to interim financial reporting.

(b) Basis of measurement

The 2nd quarter financial statements, except for the statement of cash flows, are prepared on the accrual basis using the historical cost concept. The statement of cash flows is prepared using the indirect method.

(c) Annual accounting period

The annual accounting period of the Company is from 1 January to 31 December. The 2nd quarter financial statements are prepared for the 2nd quarter period ended 30 June 2025.

dated 22 December 2014 of the Ministry of Finance)*

3. Summary of significant accounting policies

The following significant accounting policies have been adopted by the Company in the preparation of these 2nd quarter financial statements.

The accounting policies that have been adopted by the Company in the preparation of these 2nd quarter financial statements are consistent with those adopted in the preparation of the latest annual financial statements.

(a) Foreign currency transactions

Transactions in currencies other than VND during the period have been translated into VND at rates of exchange ruling at the transaction dates.

Monetary assets and liabilities denominated in currencies other than VND are translated into VND at the account transfer buying rate and account transfer selling rate. Respectively at the end of the annual accounting period quoted by the commercial bank where the Company most frequently conducts transactions.

All foreign exchange differences are recorded in the statement of income.

(b) Cash

Cash comprises cash balances and call deposits.

(c) Held-to-maturity investments

Held-to-maturity investments are those that the Company's management has the intention and ability to hold until maturity. Held-to-maturity investments are term deposits at banks held to maturity. These investments are stated at costs.

(d) Accounts receivable

Trade and other receivables are stated at cost less allowance for doubtful debts.

(e) Inventories

Inventories are stated at the lower of cost and net realisable value. Cost is determined on a weighted average basis and includes all costs incurred in bringing the inventories to their present location and condition. Cost in the case of finished goods and work in progress includes raw materials, direct labour and attributable manufacturing overheads. Net realisable value is the estimated selling price of inventory items, less the estimated costs of completion and estimated costs to sell.

The Company applies the perpetual method of accounting for inventories.

(f) Tangible fixed assets

(i) Cost

Tangible fixed assets are stated at cost less accumulated depreciation. The initial cost of a tangible fixed asset comprises its purchase price, including import duties, non-refundable purchase taxes and any directly attributable costs of bringing the asset to its working condition for its intended use. Expenditure incurred after tangible fixed assets have been put into operation, such as repair and maintenance and overhauls cost, is charged to the statement of income in the period in which the costs are incurred. In situations where it can be clearly demonstrated that the expenditure has resulted in an increase in the future economic benefits expected to be obtained from the use of tangible fixed assets beyond their originally assessed standard of performance, the expenditure is capitalised as an additional cost of tangible fixed assets.

(ii) Depreciation

Depreciation is computed on a straight-line basis over the estimated useful lives of tangible fixed assets. The estimated useful lives are as follows:

▪ buildings and structures	10 – 25 years
▪ machinery and equipment	5 – 15 years
▪ motor vehicles	6 years
▪ office equipment	3 – 5 years
▪ others	6 years

(g) Intangible fixed assets

Software

Cost of acquiring new software, which is not an integral part of the related hardware is capitalised and treated as an intangible asset. Software cost is amortised on a straight-line basis over 3 years.

(h) Construction in progress

Construction in progress represents the costs of tangible fixed assets which have not been fully completed. No depreciation is provided for construction in progress during the period of construction.

(i) Long-term prepaid expenses

(i) Tools and instruments

Tools and instruments include assets held for use by the Company in the normal course of business whose costs of individual items are less than VND30 million and therefore not qualified for recognition as fixed assets under prevailing regulation. The original Cost of tools and instruments over 20 million VND are amortised on a straight-line basis over 2 - 3 years.

(ii) Maintenance expenses

Saigon - Songlam Beer Joint Stock Company

Notes to the interim financial statements for the 2nd Quarter ended 30 June 2025 (continued)

Form B 09 – DN

*(Issued under Circular No, 200/2014/TT-BTC
dated 22 December 2014 of the Ministry of Finance)*

Maintenance expenses are initially stated at cost. Major repairs is amortised on a straight-line basis over 3 years.

(j) Trade and other payables

Trade and other payables are stated at their costs.

(k) Provisions

A provision is recognised if as a result of a past event, the Company has a present legal or constructive obligation that can be estimated reliably and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by discounting the expected future cash flows at a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the liability.

(l) Share capital

Ordinary shares

Ordinary shares are stated at par value. Excess of cash receipt from shares issue over par value is recorded as share premium. Incremental costs directly attributable to the issue of shares, net of tax effects, are recognised as a deduction from share premium.

(m) Taxation

Income tax on the profit or loss for the period comprises current and deferred tax. Income tax is recognised in the statement of income except to the extent that it relates to items recognised directly to equity, in which case it is recognised in equity.

Current tax is the expected tax payable on the taxable income for the period, using tax rates enacted at the end of the annual accounting period, and any adjustment to tax payable in respect of previous periods.

Deferred tax is provided using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities using the tax rates enacted or substantively enacted at the end of the annual accounting period.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the temporary differences can be utilised. Deferred tax assets are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

Notes to the interim financial statements for the 2nd Quarter ended 30 June 2025 (continued)

Form B 09 – DN
*(Issued under Circular No, 200/2014/TT-BTC
dated 22 December 2014 of the Ministry of Finance)*

(n) Revenue and other income

(i) Goods sold

Revenue from the sales of goods is recognised in the statement of income when significant risks and rewards of ownership have been transferred to the buyer. No revenue is recognised if there are significant uncertainties regarding recovery of the consideration due or possible return of goods. Revenue on sales of goods is recognised at the net amount after deducting sales discounts stated on the invoice.

(ii) Interest income

Interest income is recognised in the statement of income on a time proportion basis with reference to the principal outstanding and the applicable interest rate.

(o) Operating lease payments

Payments made under operating leases are recognised in the statement of income on a straight-line basis over the term of the lease. Lease incentives received are recognised in the statement of income as an integral part of the total lease expense, over the term of the lease.

(p) Borrowing costs

Borrowing costs are recognised as an expense in the period in which they are incurred, except where the borrowing costs relate to borrowings in respect of the construction of qualifying assets, in which case the borrowing costs incurred during the period of construction are capitalised as part of the cost of the assets concerned.

(q) Earnings per share

The Company presents basic earnings per share ("EPS") for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders (after deducting any amounts appropriated to bonus and welfare fund for the accounting period) of the Company by the weighted average number of ordinary shares outstanding during the period.

The Company did not have potentially dilutive shares and therefore does not present diluted earnings per share.

(r) Segment reporting

A segment is a distinguishable component of the Company that is engaged either in providing related products or services (business segment), or in providing products or services within a particular economic environment (geographical segment), which is subject to risks and rewards that are different from those of other segments. The Company's primary format for segment reporting is based on business segments.

(s) Related parties

Parties are considered to be related to the Company if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions, or where the Company and the other party are subject to common control or significant influence.
