Unit: VND

Target	First 6 months 2025	First 6 months 2024	Increase/decrease difference	% Increase / Decrease
Accounting profit before tax	19.078.560.465	-11.954.291.672	31.032.852.137	> 10%

Reasons for the increase in after-tax profit in Q2/2025 and the first 6 months of 2025 compared to the same periods in 2024 (over 10% difference):

- Net revenue from sales and service provision increased compared to the same period last year.

- Gross profit increased compared to the same period due to reduced downtime of production lines, resulting in lower downtime costs (which are recorded directly into cost of goods sold) during production halts.

By this document, Viglacera Tien Son Joint Stock Company would like to explain to the State Securities Commission; Hanoi Stock Exchange and investors.

Thank you!
