3. Supervising the Board of Management by the Board of Directors:

- The business operations in the first half of 2025 faced many difficulties due to the scarcity and sharp increase in prices of fuel and raw materials, particularly sand and construction stone, which were extremely scarce in the local area, with sand prices suddenly increasing significantly. This situation greatly affected the production and supply of concrete to customers, and some construction projects temporarily faced delays in progress. However, thanks to the efforts of the Board of Management in managing and directing operations, both revenue and profit have shown significant growth compared to the same period last year and have met the targets set by the General Meetings of Shareholders and the Board of Directors.

- Directed the preparation of content, programs, and successfully organized the Annual General Meeting of Shareholders for 2025.

- Closely monitored and supervised the management and operational activities of the Board of Management. Regularly updated information on production and business activities, the Board of Directors directed and issued timely and appropriate decisions to address arising issues, meeting production and business needs.

- The Board of General Directors effectively managed and operated the Company, implemented measures to achieve targets, plans, and resolutions of the General Meeting of Shareholders, ensuring the development of capital and shareholders' rights.

- The Board of Management performed their functions, duties, and powers as prescribed, while maintaining good coordination to fulfill the targets set by the General Meeting of Shareholders. They proactively and actively addressed arising issues in management, implemented solutions to ensure the best performance of production and business tasks. The Board of Management consistently provided strategic direction for investments to achieve the highest returns for the Company.
