To supplement the information related to Trang Corporation's (stock code: TFC) separate and consolidated financial statements for the second quarter of 2025, and in compliance with Section 4, Article 14, Chapter III of Circular No. 96/2020/TT-BTC on information disclosure obligations for listed organizations, we would like to provide the following explanation:

Changes in Profit After Tax for the second quarter of 2025 in the separate and consolidated Income Statements compared to the same period last year:

Unit: VND billion

Separate Financial Statements			
Profit after tax	27.30	25.38	-7.04%

Reasons for the increase in Profit After Tax:

- The company adjusted its product mix toward higher-margin products and simultaneously implemented cost-saving measures, resulting in significant growth in after-tax profit compared to the previous year.

We respectfully submit the above explanation to the State Securities Commission and the Hanoi Stock Exchange.

Respectfully,
