

**TRUNG AN HI-TECH FARMING
JOINT STOCK COMPANY**

THE SOCIALIST REPUBLIC OF VIETNAM
Independence - Freedom - Happiness

No: 18/2025/CV/TAR

Can Tho, July 30, 2025

To: - The State Securities Commission
- Hanoi Stock Exchange

Pursuant to Circular 96/2020/TT-BTC dated November 16, 2020, issued by the Ministry of Finance regarding information disclosure on the securities market.

Trung An High-Tech Agricultural Joint Stock Company would like to explain the following:

The difference in net profit after tax between the separate financial statements and the consolidated financial statements for Q2 2025 is as follows:

Uni: Dong

Items	Quarter 1/2025	Quarter 1/2024	Change (%)
Net profit after tax on separate financial statements	(8,139,248,495)	(3,111,260,468)	-162%
Net profit after tax on consolidated financial statements	(7,379,459,405)	(3,481,520,928)	-112%

Reason:

The net profit after tax for Q2 2025 on the separate financial statements is -8.13 billion VND, a decrease of 5.02 billion VND compared to the same period last year, which was -3.11 billion VND. The net profit after tax for Q2 2025 on the consolidated financial statements is -7.37 billion VND, a decrease of 3.89 billion VND compared to the same period last year, which was -3.48 billion VND.

The net profit after tax for Q2 2025, both on the separate and consolidated financial statements, has decreased compared to Q2 2024 and resulted in a loss. The main reasons for this are lower sales activities in the current period compared to the same period last year. Additionally, last year's financial revenue was boosted by interest income from time deposits, but the company did not receive this income this year as all time deposits have been settled. Best regards!
