*(Re: Explanation of changes in business
performance for the first 6 months of 2025)*

Khanh Hoa province, August 29, 2025.

To: THE STATE SECURITIES COMMISSION

HANOI STOCK EXCHANGE

- Based on Circular No. 96/2020/TT-BTC guiding the disclosure of information on the securities market.

- Based on the audited consolidated financial statements for the 6 month financial period ending June 30, 2025 of Nha Trang Textile & Garment JSC.

We hereby provide an explanation of the business performance for the first 6 months of 2025 compared to the same period of 2024 of the Company as follows:

Unit: billion VND

No.	Item	Reported period	The Same period last year	Increase (+), decrease (-)	% increase, decrease
1	Profit after corporate income tax	28,61	25,52	+ 3, 089	+ 12,1 %

Profit after corporate income tax for the first 6 months of 2025 was 28,61 billion VND, an increase of 25,52 billion VND compared to the same period last year.

The main reasons for this increase are as follows:

In the first 6 months of 2025, Vietnam's textile and garment industry maintained positive growth momentum thanks to the recovery of global demand and businesses' proactive diversification of markets and improvement of production capacity. However, the industry still faces challenges such as tariff pressure from the US, geopolitical fluctuations and the need to develop domestic raw materials.

The Company always focuses on proactively sourcing raw materials, training human resources, expanding markets, continuing to promote in-depth investment...to enhance competitiveness and maintain long-term growth momentum. Specifically, net revenue reached VND 814.2 billion, an increase of VND 251.9 billion over the same period (equivalent to 44.8%) and gross profit reached VND 87.1 billion, an increase of 53.6% over the same period.

The above is the content of the explanation of changes in business performance for the first 6 months of 2025 of Nha Trang Textile & Garment JSC.

Sincerely./.
