Value Added Tax

The Company applies the Value Added Tax law with the tax calculation method being the deduction method.

Corporate Income Tax

The Company applies a Corporate Income Tax rate of 20% (twenty percent) during the year.

Other taxes

The Company applies other types of taxes such as license tax, personal income tax, etc., in accordance with current regulations.

Current tax

Current tax payable is determined based on the taxable income of the current year. Taxable income differs from net profit presented in the statement of profit or loss because taxable income does not include income or expenses that are taxable or deductible in other years (including tax losses carried forward, if any) and also excludes non-taxable or non-deductible items.
