Following the guidance on information disclosure of Circular No. 96/2020/TT-BTC dated 16/11/2020 of the Ministry of Finance, BOT Cau Thai Ha Joint Stock Company would like to explain the contents of the Financial Statement for the third quarter of 2025 as follows:

1. Profit after tax in the Financial Statements of the third quarter of 2025 and profit after tax at the same period last year have a change of over 10%. Concrete:

Profit after tax in the third quarter of 2024: (18,191,869,167) VND

Profit after tax in the third quarter of 2025: (15,947,824,086) VND

The reason for this change is because: In the third quarter of 2025, the Company will continue to carry out business activities according to the plan approved by the board of managers at regular monthly and quarterly meetings, and approved by the general meeting of shareholders at the annual meeting in 2025. Revenue from toll collection increased due to the increase in vehicle traffic through the station in the period, leading to the difference in business results between the 2 comparison periods.

2. Profit after tax in the reporting period is at a loss because the revenue from the company's fee collection activities is not enough to compensate for the company's expenses. The company has reported to the competent ministries and departments to propose to solve the remaining problems in the Thai Ha Bridge Project.

Above is the explanation of BOT Thai Ha Bridge Joint Stock Company on the Financial Statement of the third quarter of 2025 compared to the same period last year. We commit that the information published above is true and fully responsible before the law for the content of the information disclosed.
