*Pursuant to Point a, Clause 4, Article 14 of Circular No. 96/2020/TT-BTC dated
November 16, 2020, issued by the Ministry of Finance, guiding information disclosure
on the securities market;*

An Giang Power and Water Supply Joint Stock Company (hereinafter referred
to as the Company) hereby submits a report explaining the reasons for the change in
profit after corporate income tax exceeding 10% as follows:

According to the Q3 2025 Financial Statements, the Company's profit after
corporate income tax was VND 38.459.635.419, an increase of VND 8.904.550.527
(over 10% compared to the same period last year) compared to the Q3 2024 profit after
corporate income tax.

Reasons:

+ In the first 9 months of this year, some power and water renovation and repair
projects funded by expenses were delayed in their implementation according to the
planned schedule.

+ The Company proactively economized on administrative expenses and routine
repair costs to ensure the Company's profit growth in the first 9 months of 2025.

Due to the aforementioned reasons, the Company's profit after corporate income
tax for Q3 2025 increased by over 10% compared to Q3 2024.

The above is the explanation regarding the change in profit after corporate income tax exceeding 10% in the Q3 2025 Financial Statements. The Company hereby reports to the State Securities Commission and the Hanoi Stock Exchange.

Sincerely
