#### **2. Statement of the compliance with the Accounting Standards and System**

The Board of Directors ensures to follow all the requirements of the Vietnamese Accounting Standards and System, which were issued together with the Circular No. 200/2014/TT-BTC dated 22 December 2014, the Circular No. 53/2016/TT-BTC dated 21 March 2016 as well as other Circulars guiding the implementation of Vietnamese Accounting Standards of the Ministry of Finance in preparation and presentation of the Financial Statements.

### **IV. ACCOUNTING POLICIES**

#### **1. Accounting convention**

All the Financial Statements are prepared on the accrual basis (except for the information related to cash flows).

#### **2. Foreign currency transactions**

Transactions in foreign currencies are converted at the actual exchange rates ruling as of the transaction dates. The ending balances of monetary items in foreign currencies are converted at the actual exchange rates ruling as of the balance sheet date.

Foreign exchange differences arisen from foreign currency transactions during the period shall be included into financial income or financial expenses. Foreign exchange differences due to the revaluation of ending balances of the monetary items in foreign currencies after offsetting their positive differences against negative differences shall be included into financial income or financial expenses.

The exchange rate used to convert foreign currency transactions is the actual exchange rate ruling as at the time of these transactions. The actual exchange rates applied to foreign currency transactions are as follows:

- For the foreign currency trading contract (including spot contract, forward contract, future contract, option contract, currency swap): the exchange rate stipulated in the contracts of trading foreign currency between the Company and the Bank.
- For receivables: the buying rate ruling as at the time of transaction of the commercial bank where the Company designates the customers to make payments.
- For payables: the selling rate ruling as at the time of transaction of the commercial bank where the Company supposes to make payments.
- For acquisition of assets or immediate payments in foreign currency (not included into payable accounts): the buying rate of the commercial bank where the Company makes payments.

The exchange rates used to re-evaluate the ending balances of monetary items in foreign currencies are determined according to the following principles:

- For foreign currency deposits: the buying rate of Ho Chi Minh City Development Joint Stock Commercial Bank (HDBank), where the Company frequently conducts transactions.
- For monetary items in foreign currencies classified as other assets: the buying rate of Ho Chi Minh City Development Joint Stock Commercial Bank (HDBank), where the Company frequently conducts transactions.
- For monetary items in foreign currencies classified as liabilities: the selling rate of Ho Chi Minh City Development Joint Stock Commercial Bank (HDBank), where the Company frequently conducts transactions.

### **FINANCIAL STATEMENTS**

For the 4th Quarter of 2025 from October 1<sup>st</sup>, 2025 to 31st December 2025

#### **Notes to the Financial Statements (cont.)**

---

Cash includes cash on hand and demand deposits in banks. Cash equivalents are short-term investments of which the due dates cannot exceed 3 months from the dates of the investments and the convertibility into cash is easy, and which do not have a lot of risks in the conversion into cash as of the balance sheet date.

#### **4. Financial investments**

##### ***Held-to-maturity investments***

Investments are classified as held-to-maturity investments that the Company intends and is able to hold to maturity. Held-to-maturity investments of the Company include term deposits and held-to-maturity bonds for the purpose of receiving periodical interest.

Held-to-maturity investments are initially recognized at cost. After initial recognition, these investments are recorded at recoverable value. Interest from these held-to-maturity investments after acquisition date is recognized in the profit or loss on the basis of the interest income to be received. Interests arising prior to the Company's acquisition of held-to-maturity investments are recorded as a decrease in the costs as at the acquisition time.

When there are reliable evidences proving that a part or the whole investment cannot be recovered and the loss is reliably determined, the loss is recognized as financial expenses during the period while the investment value is derecognized.

##### ***Investments in subsidiary***

Subsidiary is an entity that is controlled by the Company. Control is the Company's power to govern the financial and operating policies of an entity so as to obtain benefits from its activities.

##### ***Initial recognition***

Investments in subsidiary are initially recognized at costs, including the cost of acquisition or capital contributions plus other directly attributable investment cost. In case of investment in non-monetary assets, the costs of the investment are recognized at the fair value of non-monetary assets at the arising time.

Dividends and profit of the periods prior to the purchase of investments are recorded as a decrease in value of such investments. Dividends and profits of the periods after the purchase of investments are recorded into the Company's revenues. Particularly, the dividends paid in form of shares are not recorded as an increase in values, but the increasing quantity is followed up.

##### ***Provisions for impairment of investments in subsidiary***

Provisions for impairment of investments in subsidiary are made when the subsidiary suffers from losses at the rate equal to the difference between the actual capital invested by investors in subsidiary and the actual owner's equity multiplying (x) by the ownership rate of the charter capital actually contributed by the Company in subsidiary. If the subsidiary is consolidated into Consolidated Financial Statements, the basis for impairment provisions is the Consolidated Financial Statements.

Increases/decreases in the provisions for impairment of investments in subsidiary as of the balance sheet date are recorded into financial expenses.

##### ***Investments in equity instruments of other entities***

Investments in equity instruments of other entities include such investments in equity instruments that do not enable the Company to have the control, joint control or significant influence on these entities.

Investments in equity instruments of other entities are initially recognized at costs, including cost of purchase or capital contribution plus other directly attributable transaction costs. Values of these

investments are derecognized for dividends and profits arising in the periods prior to the acquisition of such investments. Dividends and profit arising in the periods after the acquisition of investments are recorded into the Company's revenue. Particularly, the dividends paid in form of shares are not recorded as an increase in values, but the increasing quantity of shares is followed up.

Provisions for impairment of investments in equity instruments of other entities are made as follows:

- For investments in listed shares or fair value of investments which is reliably measured, provisions are made on the basis of the market value of shares.
- For investments of which the fair value cannot be measured at the time of reporting, provisions are made on the basis of the losses suffered by investees, at the rate equal to the difference between the actual capital invested by owners and the owner's equity as of the balance sheet date multiplying (x) by the Company's rate of charter capital over the total actual charter capital invested in these investees.

Increases/decreases in the provisions for impairment of investments in equity instruments of other entities as of the balance sheet date are recorded into financial expenses.

#### **5. Receivables**

Receivables are recognized at the carrying amounts less allowances for doubtful debts.

The classification of receivables as trade receivables and other receivables is made according the following principles:

- Trade receivables reflect receivables concerning the commercial nature arising from purchase and sale transactions between the Company and customers who are independent to the Company.
- Other receivables reflect receivables not concerning the commercial nature and irrelevant to purchase and sale transactions.

Allowance is made for each doubtful debt on the basis of the estimated loss.

Increases/decreases in the obligatory allowance for doubtful debts as of the balance sheet date are recorded into general and administration expenses.

#### **6. Inventories**

Inventories are recognized at the lower of cost or net realizable value.

The Company's inventories are the costs incurred for service performance relevant to contracts on supplying equipment and materials for petroleum projects, equipment for the aviation industry and unfinished petrol depots, including costs of main materials, labor and other directly relevant costs.

Net realizable value is the estimated revenue of each contract less the estimated costs for service completion.

Allowance for inventories is recognized for each type of inventories when their costs are higher than their net realizable values. Increases/decreases in the obligatory allowance for inventories as of the balance sheet date are recorded into costs of sales.

#### **7. Prepaid expenses**

Prepaid expenses comprise actual expenses incurred and relevant to financial performance in several accounting periods. Prepaid expenses of the Company mainly include repair and maintenance expenses, expenses of tools and prepaid land rental. These prepaid expenses are allocated over the prepayment period or period of corresponding economic benefits generated from these expenses.

## PETROLEUM TRADING JOINT STOCK COMPANY

Address: 11<sup>th</sup> Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

### FINANCIAL STATEMENTS

For the 4th Quarter of 2025 from October 1<sup>st</sup>, 2025 to 31st December 2025

#### Notes to the Financial Statements (cont.)

##### *Repair and maintenance expenses*

Repair and maintenance expenses reflect the expenses for repairing and maintaining 11<sup>th</sup> Floor of the building being leased and are allocated into expenses over the lease term (i.e. 552 months).

##### *Expenses of tools*

Expenses of tools being put into use are allocated into expenses in accordance with the straight-line method for the maximum period of 3 years.

#### 8. Operating leased assets

A lease is classified as an operating lease if it transfers substantially all the risks and rewards incident to ownership belonging to the lessor. The lease expenses are allocated in the Company's operation costs in accordance with the straight-line method over the lease term and do not depend on the method of lease payment.

#### 9. Tangible fixed assets

Tangible fixed assets are determined by their historical costs less accumulated depreciation. Historical costs of tangible fixed assets include all the expenses paid by the Company to bring the asset to its working condition for its intended use. Other expenses arising subsequent to initial recognition are included into historical costs of fixed assets only if it can be clearly demonstrated that the expenditure has resulted in future economic benefits expected to be obtained from the use of these assets. Those which do not meet the above conditions will be recorded into operation costs during the period.

When a tangible fixed asset is sold or disposed, its historical cost and accumulated depreciation are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the period.

Tangible fixed assets are depreciated in accordance with the straight-line method over their estimated useful lives. The depreciation years applied are as follows:

<u>Fixed assets</u>	<u>Years</u>
Buildings and structures	05 - 46
Vehicles	06
Office equipment	03 - 05
Other tangible fixed assets	04

#### 10. Intangible fixed assets

Intangible fixed assets are determined by their initial costs less accumulated amortization.

Initial costs of intangible fixed assets include all the costs paid by the Company to bring the asset to its working condition for its intended use. Other costs relevant to intangible fixed assets arising subsequent to initial recognition are included into operation costs during the period only if these costs are associated with a specific intangible fixed asset and result in future economic benefits expected to be obtained from the use of these assets.

When an intangible fixed asset is sold or disposed, its initial costs and accumulated amortization are written off, then any gain or loss arising from such disposal is included in the income or the expenses during the period.

The Company's intangible fixed asset includes:

##### *Computer software*

Expenses attributable to computer software, which is not a part associated with the relevant hardware, will be capitalized. Costs of computer software include all the expenses paid by the Company until the

date the software is put into use. Computer software is amortized in accordance with the straight-line method in 3 years.

#### **11. Payables and accrued expenses**

Payables and accrued expenses are recorded for the amounts payable in the future associated with the goods and services received. Accrued expenses are recorded based on reasonable estimates for the amounts payable.

The classification of payables as trade payables, accrued expenses and other payables is made on the basis of following principles:

- Trade payables reflect payables of commercial nature arising from the purchase of goods, services, or assets of which the seller is an independent entity with the Company.
- Accrued expenses reflect expenses for goods, services received from suppliers or supplied to customers but have not been paid, invoiced or lack of accounting records and supporting documents; pay on leave payable to employees; and accrual of operation expenses.
- Other payables reflect payables of non-commercial nature and irrelevant to purchase, sales of goods or provisions of services.

The payables and accrued expenses are classified as short-term and long-term items in the Balance Sheet on the basis of their remaining term as of the balance sheet date.

#### **12. Capital**

Capital is recorded according to the actual amounts invested by shareholders.

#### **13. Recognition of sales and income**

##### ***Sales of merchandises***

Sales of merchandises shall be recognized when all of the following conditions are satisfied:

- The Company transfers most of risks and benefits incident to the ownership of products or merchandises to customers.
- The Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the products, merchandises sold.
- The amount of sales can be measured reliably. When the contracts stipulate that buyers have the right to return products, merchandises purchased under specific conditions, sales are recorded only when those specific conditions are no longer exist and buyers retains no right to return products, merchandises (except for the case that such returns are in exchange for other merchandises or services).
- The Company received or shall probably receive the economic benefits associated with sale transactions.
- The cost incurred or to be incurred in respect of the sale transaction can be measured reliably

##### ***Sales of service provision***

Sales of service provision shall be recognized when all of the following conditions are satisfied:

- The amount of sales can be measured reliably. When the contract stipulates that the buyer is entitled to return the services provided under specific conditions, sales is recognized only when these specific conditions are no longer existed and the buyer is not entitled to return the services provided.
- The Company received or shall probably receive the economic benefits associated with the provision of services.
- The stage of completion of the transaction at the end of reporting period can be measured reliably.
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.

## **PETROLEUM TRADING JOINT STOCK COMPANY**

Address: 11<sup>th</sup> Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

### **FINANCIAL STATEMENTS**

For the 4th Quarter of 2025 from October 1<sup>st</sup>, 2025 to 31st December 2025

#### **Notes to the Financial Statements (cont.)**

---

In the case that the services are provided in several accounting periods, the determination of sales is done on the basis of the volume of work done as of the balance sheet date.

#### ***Income from leasing operating assets***

Income from leasing operating assets is recognized in accordance with the straight-line method during the lease term. Rentals received in advance for several periods are allocated to revenues in consistence with the lease term.

#### ***Interest***

Interest is recorded, based on the term and the actual interest rate applied in each particular period.

#### ***Dividends and profit shared***

Dividends and profit shared are recognized when the Company has the right to receive dividends or profit from the capital contribution. Particularly, the dividends paid in form of shares are not recorded as an increase in value, but the increasing quantity is followed up.

### **14. Sales deductions**

Sales deductions of the Company include sales returns incurred in the same period of providing products, merchandises, services, in which revenues are derecognized.

In case of products, merchandises, services provided in the previous period but sales returns incurred in the current period, revenues are derecognized as follows:

- If sales returns incur prior to the release of the Financial Statements, revenues are derecognized on the Financial Statements of the current period.
- If sales returns incur after the release of the Financial Statements, revenues are derecognized on the Financial Statements of the following period.

### **15. Expenses**

Expenses are those that result in outflows of the economic benefits and are recorded at the time of transactions or when incurrence of the transaction is reliable regardless of whether payment for expenses is made or not.

Expenses and their corresponding revenues are simultaneously recognized in accordance with matching principle. In the event that matching principle conflicts with prudence principle, expenses are recognized based on the nature and regulations of accounting standards in order to guarantee that transactions can be fairly and truly reflected.

### **16. Corporate income tax**

Corporate income tax includes current income tax and deferred income tax.

#### ***Current income tax***

Current income tax is the tax amount computed based on the taxable income. Taxable income is different from accounting profit due to the adjustments of temporary differences between tax and accounting figures, non-deductible expenses as well as those of non-taxable income and losses brought forward.

#### ***Deferred income tax***

Deferred income tax is the amount of corporate income tax payable or refundable due to temporary differences between book values of assets and liabilities serving the preparation of the Financial Statements and the values for tax purposes. Deferred income tax liabilities are recognized for all the temporary taxable differences. Deferred income tax assets are recorded only when there is an assurance on the availability of taxable income in the future against which the temporarily deductible differences can be used.

## **PETROLEUM TRADING JOINT STOCK COMPANY**

Address: 11<sup>th</sup> Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City

### **FINANCIAL STATEMENTS**

For the 4th Quarter of 2025 from October 1<sup>st</sup>, 2025 to 31st December 2025

#### **Notes to the Financial Statements (cont.)**

---

Carrying values of deferred corporate income tax assets are considered as of the balance sheet date and will be reduced to the rate that ensures enough taxable income against which the benefits from part of or all of the deferred income tax can be used. Deferred corporate income tax assets, which have not been recorded before, are considered as of the balance sheet date and are recorded when there is certainly enough taxable income to use these unrecognized deferred corporate income tax assets.

Deferred income tax assets and deferred income tax liabilities are determined at the estimated rate to be applied in the year when the assets are recovered or the liabilities are settled based on the effective tax rates as of the balance sheet date. Deferred income tax is recognized in the Income Statement. In the case that deferred income tax is related to the items of the owner's equity, corporate income tax will be included in the owner's equity.

The Company shall offset deferred tax assets and deferred tax liabilities if:

- The Company has the legal right to offset current income tax assets against current income tax liabilities; and
- Deferred income tax assets and deferred income tax liabilities are relevant to corporate income tax which is under the management of one tax authority either:
  - Of the same subject to corporate income tax; or
  - The Company has intention to pay current income tax liabilities and current income tax assets on a net basis or recover tax assets and settle tax liability simultaneously in each future period to the extent that the majority of deferred income tax liabilities or deferred income tax assets are paid or recovered.

#### **17. Related parties**

A party is considered a related party of the Company in case that party is able to control the Company or to cause material effects on the financial decisions as well as the operations of the Company. A party is also considered a related party of the Company in case that party is under the same control or is subject to the same material effects.

Considering the relationship of related parties, the nature of relationship is focused more than its legal form.

#### **18. Segment reporting**

A business segment is a distinguishable component of the Company that is engaged in manufacturing or providing products or services and that is subject to risks and returns that are different from those of other business segments.

A geographical segment is a distinguishable component of the Company that is engaged in manufacturing or providing products or services within a particular economic environment and that is subject to risks and returns that are different from those of components operating in other economic environments.

The segment information is prepared and presented in conformity with the accounting policies applicable to the preparation and presentation of the Financial Statements of the Company.

#### **19. Financial instruments**

##### ***Financial assets***

The classification of financial assets depends on their nature and purposes and is determined at the date of initial recognition. The financial assets of the Company include cash and cash equivalents, trade receivables, other receivables and financial investments (excluding investments in the subsidiary).

**PETROLEUM TRADING JOINT STOCK COMPANY**Address: 11<sup>th</sup> Floor, Petroland Tower, No. 12 Tan Trao Street, Tan My Ward, Ho Chi Minh City**FINANCIAL STATEMENTS**For the 4th Quarter of 2025 from October 1<sup>st</sup>, 2025 to 31st December 2025**Notes to the Financial Statements (cont.)**

At the date of initial recognition, financial assets are recognized at cost plus other costs directly related to those financial assets.

**Financial liabilities**

The classification of financial liabilities depends on their nature and purposes and is determined at the date of initial recognition. The financial liabilities of the Company include trade payables, other payables and accrued expenses.

At the date of initial recognition, financial liabilities are recorded at cost less other costs directly related to those financial liabilities.

**Equity instrument**

Equity instrument is the contract which can prove the remaining benefits in the assets of the Company after deducting all of its liabilities.

**Offsetting financial instruments**

Financial assets and financial liabilities will be offset against each other and reflected at their net values in the Balance Sheet when, and only when, the Company:

- has a legal right to offset the recognized amounts; and
- has intention either to settle on a net basis, or to recognize the asset and to settle the liability simultaneously.
