Explanation of Changes:

- Net sales revenue decreased by 7,14% compared to Q3 2024 due to the company restructuring its business lines, focusing solely on the electricity segment and cutting the telecommunications segment.
- Cost of goods sold for the third quarter of 2025 increased by 6,41% compared to the same period in 2024, mainly due to the Company's provision for inventory devaluation.
- Financial expenses decreased by 31,91% as the company reduced its debt.
- Selling expenses decreased by 68,29% due to the ongoing restructuring efforts.

- Administrative expenses for the third quarter of 2025 increased compared to the same period in 2024, mainly due to the Company's provision for doubtful debts and expenses incurred from organizational restructuring activities during the period.
- During the year, the company restructured its entire system, liquidating all equipment in unprofitable business segments.
- Profit after tax increased compared to the same period last year, turning from a loss to a profit as the Company implemented operational restructuring and cost optimization, and also recorded a gain from the disposal of fixed assets during the period.
