Ref: Explanation of profit on the Separate
Financial Statements Q4.2025

To: - State Securities Commission
- Ha Noi Stock Exchange

Bim Son Cement Joint Stock Company would like to explain the fluctuation of profit in the Separate Financial report for the four quarter of 2025 as follows:

The net profit after-tax of Bim Son Cement Joint Stock Company in Q4.2025 was positive 38.95 billion VND, decreased by 8 billion VND compared to the four quarter of 2024, mainly due to the following reasons: sales revenue decreased by 0.53% (equivalent to 5.24 billion VND); cost of goods sold decreased by 0.6% (equivalent to 5.3 billion VND); other income increased by 72.67% (equivalent to 5.29 billion VND); financial income increased by 61.54% (equivalent to 0.38 billion VND); selling expenses increased by 23.66% (equivalent to 8.14 billion VND); administrative expenses increased by 16.3% (equivalent to 4.51 billion VND); other expenses increased by 4,417.11% (equivalent to 1.72 billion VND); and financial expenses decreased by 9.57% (equivalent to 0.64 billion VND). However, in Q4/2025, the increase in other income, financial revenue, and the decrease in the cost of goods sold are smaller than the increase in management expenses, selling expenses, and other expenses.

Therefore, the net profit after-tax in four quarter of 2025 decreased compared to the profit in four quarter of 2024.

Thank you and best regards,
