*Regarding: Disclosure of Interim
Consolidated Income Statement for the
year 2025*

**Honorable: The State Securities Commission;
Hanoi Stock Exchange.**

Based on Circular No. 96/2020/TT-BTC dated November 16, 2020, issued by the Ministry of Finance on providing guidelines on disclosure of information on securities market.

Based on Circular No. 68/2024/TT-BTC dated September 18, 2024, issued by the Ministry of Finance amending and supplementing several articles of Circular No. 96/2020/TT-BTC dated November 16, 2020, issued by the Ministry of Finance on providing guidelines on disclosure of information on securities market.

Helio Energy Joint Stock Company (*hereinafter referred to as "the Company"*) with ticker HIO would like to explain to the State Securities Commission and the Hanoi Stock Exchange the differences in net profit after tax on the consolidated financial statements for the year 2025 as follows:

Currency: VND

No	Indicator	2024	2025	Year-over-year comparison	
				Difference	Percentage (%)
1	Net profit after tax	21,078,760,980	13,554,717,154	(7,524,043,826)	(35.69%)

In 2025, the Company recorded a net profit after tax of VND 13,554,717,154 representing a decrease of VND 7,524,043,826 or 35.69% compared to 2024, mainly due to the following reasons:

- Revenue from the sale of goods and rendering of services decreased by VND 9,688,080,851 compared to 2024, mainly due to a decline in electricity sales revenue.
- Financial expenses decreased by VND 7,065,389,180, primarily due to the periodic partial repayment of loan principal, which resulted in a decrease in the Company's interest expenses compared to the previous year.

- Other income decreased by VND 5,408,129,111 compared to 2024. This variance was primarily because, in 2024, the Company recorded other income generated from the liquidation and disposal of certain assets by some of its subsidiaries.

The Company respectfully submits this report to inform the State Securities Commission and Hanoi Stock Exchange of the changes in the Company's after-tax profit.

Best Regards./.

REPORT OF THE LEGAL REPRESENTATIVE

The Legal representative of Helio Energy Joint Stock Company ("the Company") is pleased to present this report and the consolidated financial statements of the Company and its subsidiaries for the year ended 31 December 2025.

THE LEGAL REPRESENTATIVE'S RESPONSIBILITY IN RESPECT OF THE CONSOLIDATED FINANCIAL STATEMENTS

The Legal representative is responsible for the consolidated financial statements of each financial year which give a true and fair view of the consolidated financial position of the Company and its subsidiaries, and of the consolidated results of its operations and its consolidated cash flows for the year. In preparing these consolidated financial statements, the Legal representative is required to:

- ▶ select suitable accounting policies and then apply them consistently;
- ▶ make judgments and estimates that are reasonable and prudent;
- ▶ state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the consolidated financial statements; and
- ▶ prepare the consolidated financial statements on the going concern basis unless it is inappropriate to presume that the Company and its subsidiaries will continue its business.

The Legal representative is responsible for ensuring that proper accounting records are kept which disclose, with reasonable accuracy at any time, the consolidated financial position of the Company and its subsidiaries to ensure that the accounting records comply with the applied accounting system. He is also responsible for safeguarding the assets of the Company and its subsidiaries and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Legal representative confirmed that he has complied with the above requirements in preparing the accompanying consolidated financial statements.

STATEMENT BY THE LEGAL REPRESENTATIVE

The Legal representative does hereby state that, in his opinion, the accompanying consolidated financial statements give a true and fair view of the consolidated financial position of the Company and its subsidiaries as at 31 December 2025, and of the consolidated results of its operations and its consolidated cash flows for the year then ended in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the consolidated financial statements.

INDEPENDENT AUDITORS' REPORT

To: The Shareholders of Helio Energy Joint Stock Company

We have audited the accompanying consolidated financial statements of Helio Energy Joint Stock Company ("the Company") and its subsidiaries as prepared on 18 March 2026 and set out on pages 5 to 45, which comprise the consolidated balance sheet as at 31 December 2025, the consolidated income statement and consolidated cash flow statement for the year then ended and the notes thereto.

The Legal representative's responsibility

The Company's Legal representative is responsible for the preparation and true and fair presentation of these consolidated financial statements in accordance with Vietnamese Accounting Standards, Vietnamese Enterprise Accounting System and the statutory requirements relevant to the preparation and presentation of the consolidated financial statements, and for such internal control as the Legal representative determines is necessary to enable the preparation and presentation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Company and its subsidiaries' preparation true and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company and its subsidiaries' internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Legal representative, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

2. BASIS OF PREPARATION

2.1 *Accounting standards and system*

The consolidated financial statements of the Company and its subsidiaries, expressed in Vietnam dong ("VND"), are prepared in accordance with the Vietnamese Enterprise Accounting System and Vietnamese Accounting Standard issued by the Ministry of Finance as per:

- ▶ Decision No. 149/2001/QĐ-BTC dated 31 December 2001 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 1);
- ▶ Decision No. 165/2002/QĐ-BTC dated 31 December 2002 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 2);
- ▶ Decision No. 234/2003/QĐ-BTC dated 30 December 2003 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 3);
- ▶ Decision No. 12/2005/QĐ-BTC dated 15 February 2005 on the Issuance and Promulgation of Six Vietnamese Accounting Standards (Series 4); and
- ▶ Decision No. 100/2005/QĐ-BTC dated 28 December 2005 on the Issuance and Promulgation of Four Vietnamese Accounting Standards (Series 5).

Accordingly, the accompanying consolidated financial statements, including their utilisation are not designed for those who are not informed about Vietnam's accounting principles, procedures and practices and furthermore are not intended to present the consolidated financial position and results of operations and consolidated cash flows in accordance with accounting principles and practices generally accepted in countries other than Vietnam.

2.2 *Applied accounting documentation system*

The applied accounting documentation system for the Company and its subsidiaries is the General Journal system.

2.3 *Fiscal year*

The fiscal year of the Company and its subsidiaries applicable for the preparation of its consolidated financial statements starts on 1 January and ends on 31 December.

2.4 *Accounting currency*

The consolidated financial statements are prepared in VND which is also the Company and its subsidiaries accounting currency.

2.5 *Basis of consolidation*

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries for the year ended 31 December 2025.

Subsidiaries are fully consolidated from the date of acquisition, being the date on which the Company obtained control, and continued to be consolidated until the date that such control ceases.

The financial statements of subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies.

All intra-company balances, income and expenses and unrealised gains or losses resulting from intra-company transactions are eliminated in full.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)
as at 31 December 2025 and for the year then ended

2. BASIS OF PREPARATION (continued)

2.6 Accounting regulation issued but not yet effective

On 27 October 2025, the Ministry of Finance issued Circular No. 99/2025/TT-BTC providing guidance on the enterprise accounting regime ("Circular 99"), replacing Circular No. 200/2014/TT-BTC providing guidance on the enterprise accounting regime issued by the Ministry of Finance on 22 December 2014 and several other related regulations. Circular 99 takes effect from 1 January 2026 and applies to enterprises with a financial year beginning on or after 1 January 2026.

The Company is in the process of assessing the impact of Circular 99 on the preparation and presentation of its financial statements and will implement Circular 99 for the financial year ending 31 December 2026.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

3.1 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, cash at banks.

3.2 Receivables

Receivables are presented in the consolidated balance sheet at the carrying amounts due from customers and other debtors, after provision for doubtful debts.

The provision for doubtful debts represents amounts of outstanding receivables at the consolidated balance sheet date which are doubtful of being recovered. Increases or decreases to the provision balance are recorded as general and administrative expenses in the consolidated income statement. When bad debts are determined as unrecoverable and accountant writes off those bad debts, the differences between the provision for doubtful receivables previously made and historical cost of receivables are included in the consolidated income statement.

3.3 Inventories

Inventories are measured at their historical costs. The cost of inventories comprises costs of purchase and other directly related cost incurred in bringing the inventories to their present location and condition.

In case the net realizable value is lower than the original price, it must be calculated according to the net realizable value.

Net realizable value represents the estimated selling price in the ordinary course of business less the estimated costs to complete and the estimated costs necessary to make the sale.

The perpetual method is used to record inventories, which are valued as follows:

Raw materials, merchandise, tools and supplies - Cost of purchase on a weighted average basis.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)
as at 31 December 2025 and for the year then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.3 Inventories (continued)

Provision for obsolete inventories

An inventory provision is created for the estimated loss arising due to the impairment of value (through diminution, damage, obsolescence, etc.) of raw materials, finished goods, and other inventories owned by the Company and its subsidiaries, based on appropriate evidence of impairment available at the balance sheet date.

Increases or decreases to the provision balance are recorded into the cost of goods sold account in the consolidated income statement. When inventories are expired, obsolescence, damage or become useless, the difference between the provision previously made and the historical cost of inventories are included in the consolidated income statement.

3.4 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation.

The cost of a tangible fixed asset comprises of its purchase price and any directly attributable costs of bringing the tangible fixed asset to working condition for its intended use.

Expenditures for additions, improvements and renewals are added to the carrying amount of the assets and expenditures for maintenance and repairs are charged to the consolidated income statement as incurred.

When tangible fixed assets are sold or retired, any gain or loss resulting from their disposal (the difference between the net disposal proceeds and the carrying amount) is included in the consolidated income statement.

3.5 Leased assets

The determination of whether an arrangement is, or contains a lease is based on the substance of the arrangement at inception date and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset and the arrangement conveys a right to use the asset.

A lease is classified as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership of the asset to the lessee. All other leases are classified as operating leases.

Where the Company and its subsidiaries is the lessee

Rentals under operating leases are charged to the separate income statement on a straight-line basis over the lease term.

Where the Company its subsidiaries is the lessor

Assets subject to operating leases are included as the Company's fixed assets in the consolidated balance sheet.

Lease income is recognised in the separate income statement on a straight-line basis over the lease term.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)
as at 31 December 2025 and for the year then ended**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.6 Depreciation**

Depreciation of tangible fixed assets are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings and structures	10 - 15 years
Machinery and equipment	10 - 15 years
Office equipment	3 years
Means of transportation	6 - 10 years
Solar panel	15 - 20 years

3.7 Investment properties

Investment properties are stated at cost including transaction costs less accumulated depreciation and/or amortization.

Subsequent expenditure relating to an investment property that has already been recognised is added to the net book value of the investment property when it is probable that future economic benefits, in excess of the originally assessed standard of performance of the existing investment property, will flow to the Company and its subsidiaries.

Depreciation and amortization of investment properties are calculated on a straight-line basis over the estimated useful life of each asset as follows:

Buildings and structures	15 years
--------------------------	----------

Investment properties are derecognised when either they have been disposed of or when the investment properties are permanently withdrawn from use and no future economic benefit is expected from its disposal. The difference between the net disposal proceeds and the carrying amount of the assets is recognised in the consolidated income statement in the year of retirement or disposal.

Transfers are made to investment properties when, and only when, there is a change in use, evidenced by ending of owner-occupation, commencement of an operating lease to another party or ending of construction or development. Transfers are made from investment properties when, and only when, there is change in use, evidenced by commencement of owner-occupation or commencement of development with a view to sale. The transfer from investment property to owner-occupied property or inventories does not change the cost or the carrying value of the property for subsequent accounting at the date of change in use.

3.8 Borrowing costs

Borrowing costs consist of interest and other costs that the Company and its subsidiaries incurs in connection with the borrowing of funds. Borrowing costs are recorded as expense during the year in which they are incurred.

3.9 Prepaid expenses

Prepaid expenses are reported as short-term or long-term prepaid expenses on the consolidated balance sheet and amortised over the period for which the amounts are paid or the year in which economic benefits are generated in relation to these expenses.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)
as at 31 December 2025 and for the year then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.10 Business combinations and goodwill

Business combinations are accounted for using the purchase method. The cost of a business combination is measured as the fair value of assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange plus any costs directly attributable to the business combination. Identifiable assets and liabilities and contingent liabilities assumed in a business combination are measured initially at fair values at the date of business combination.

Goodwill acquired in a business combination is initially measured at cost being the excess of the cost the business combination over the Company's interest in the net fair value of the acquiree's identifiable assets, liabilities and contingent liabilities. If the cost of a business combination is less than the fair value of the net assets of the subsidiary acquired, the difference is recognised directly in the consolidated income statement. After initial recognition, goodwill is measured at cost less any accumulated amortization. Goodwill is amortised over 10-year period on a straight-line basis. The Company conducts the periodical review for impairment of goodwill of investment in its subsidiaries. If there are indicators of impairment loss incurred is higher than the yearly allocated amount of goodwill on the straight-line basis, the higher amount will be recorded in the consolidated income statement.

Business combinations involving entities under common control

A business combination involving entities under common control is a business combination in which all of the combining entities or businesses are ultimately controlled by the same party or parties both before and after the business combination, and that control is not transitory.

Business combinations involving entities under common control are accounted for as follows:

- ▶ The assets and liabilities of the two combined entities are reflected at their carrying amounts on the date of business combination;
- ▶ No goodwill is recognised from the business combination;
- ▶ The consolidated income statement reflects the results of the combined entities from the date of the business combination;
- ▶ Any difference between the consideration paid and the net assets of the acquiree is recorded in equity.

3.11 Investments

Investment in associates

The Company's and its subsidiaries investment in its associate is accounted for using the equity method of accounting. An associate is an entity in which the Company and its subsidiaries has significant influence that are neither subsidiaries nor joint ventures. The Company and its subsidiaries generally deems they have significant influence if they have over 20% of the voting rights in the investee.

Under the equity method, the investment is carried in the consolidated balance sheet at cost plus post-acquisition changes in the Company's and its subsidiaries share of net assets of the associates. Goodwill arising on acquisition of the associate is included in the carrying amount of the investment. The Company and its subsidiaries do not charge any amortization on the goodwill, but annually carries out test of impairment of goodwill. The consolidated income statement reflects the Company's and its subsidiaries share of the post-acquisition results of operation of the associate.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)
as at 31 December 2025 and for the year then ended**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.11 Investments (continued)***Investment in associates (continued)*

The share of post-acquisition profit/(loss) of the associates is presented on face of the consolidated income statement and its share of post-acquisition movements in reserves is recognised in reserves. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. Dividend/profit sharing receivable from associates reduces the carrying amount of the investment.

The financial statements of the associates are prepared for the same reporting year as the Company and its subsidiaries and using the consistent accounting policies with the Company and its subsidiaries. Where necessary, adjustments are made to bring the accounting policies in line with those of the Company.

Investment in other entities

Investment in other entities are carried at cost.

Provision for diminution in value of investments in entities

Provision of the investment is made when there are reliable evidences of the diminution in value of those investments at the consolidated balance sheet date. Increases or decreases to the provision balance are recorded as finance expense in the consolidated income statement.

3.12 Payables and accruals

Payables and accruals are recognised for amounts to be paid in the future for goods and services received, whether or not billed to the Company and its subsidiaries.

3.13 Share capital*Ordinary shares*

Ordinary shares with voting right are recognised at par value.

3.14 Appropriation of net profits

Net profit after tax (excluding gain from bargain purchases) is available for appropriation to shareholders after approval in the annual general meeting, and after making appropriation to reserve funds in accordance with the Company's Charter and the Vietnamese regulatory requirements.

The Company maintains the reserve funds which are appropriated from the Company's net profit as proposed by the Board of Directors and subject to approval by shareholders at the annual general meeting.

Bonus and welfare fund

This fund is set aside for the purpose of pecuniary rewarding and encouraging, common benefits and improvement of the employees' benefits, and presented as a liability on the consolidated balance sheet.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)
as at 31 December 2025 and for the year then ended**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.15 Earnings per share**

Basic earnings per share amounts are calculated by dividing net profit or loss after tax for the year attributable to ordinary shareholders of the Company (after adjusting for the bonus and welfare fund) by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share amounts are calculated by dividing the net profit after tax attributable to ordinary equity holders of the Company (after adjusting for interest on the convertible preference shares) by the weighted average number of ordinary shares outstanding during the year plus the weighted average number of ordinary shares that would be issued on conversion of all the dilutive potential ordinary shares into ordinary shares.

3.16 Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and its subsidiaries and the revenue can be reliably measured. Revenue is measured at the fair value of the consideration received or receivable, excluding trade discount, rebate and sales return. The following specific recognition criteria must also be met before revenue is recognised:

Revenue from electricity sales

Revenue from electricity sales is determined based on the power purchase agreements executed between the Company and its subsidiaries with the power companies, along with the relevant contract appendices. Revenue is recognized based on the monthly electricity sales volume as confirmed by both parties. The selling price of electricity is determined in accordance with Decision No. 13/2020/QĐ-TTg dated 6 April 2020, issued by the Prime Minister.

Rendering of services

Where the contract outcome can be reliably measured, revenue is recognised by reference to the stage of completion. Stage of completion is measured by percentage of work completed as accepted by customers.

If the outcome of a contract cannot be reliably estimated, revenue shall be recognized only to the extent of the recoverable costs that have been incurred.

Rental income

Rental income arising from asset operating leases is accounted for on a straight-line basis over the lease term.

Interest

Interest is recognized on an accrual basis based on the time and actual interest rate for each period.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)
as at 31 December 2025 and for the year then ended**3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)****3.17 Taxation***Current income tax*

Current income tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted as at the consolidated balance sheet date.

Current income tax is charged or credited to the consolidated income statement, except when it relates to items recognised directly to equity, in which case the current income tax is also dealt with in equity.

Current income tax assets and liabilities are offset when there is a legally enforceable right for the Company and its subsidiaries to off-set current tax assets against current tax liabilities and when the Company and its subsidiaries intends to settle its current tax assets and liabilities on a net basis.

Deferred tax

Deferred tax is provided using the liability method on temporary differences at the consolidated balance sheet date between the tax base of assets and liabilities and their carrying amount for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- ▶ where the deferred tax liability arises from the initial recognition of an asset or liability in a transaction which at the time of the related transaction affects neither the accounting profit nor taxable profit or loss.
- ▶ in respect of taxable temporarily differences associated with investments in subsidiaries and associates, and interests in joint ventures where timing of the reversal of the temporary difference can be controlled and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred tax assets are recognised for all deductible temporary differences, carried forward unused tax credit and unused tax losses, to the extent that it is probable that taxable profit will be available against which deductible temporary differences, carried forward unused tax credit and unused tax losses can be utilised, except:

- ▶ where the deferred tax asset in respect of deductible temporary difference which arises from the initial recognition of an asset or liability which at the time of the related transaction, affects neither the accounting profit nor taxable profit or loss.
- ▶ in respect of deductible temporarily differences associated with investments in associates, and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at each balance sheet date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Previously unrecognised deferred tax assets are re-assessed at each consolidated balance sheet date and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax assets to be recovered.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS (continued)
as at 31 December 2025 and for the year then ended

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

3.17 Taxation (continued)

Deferred tax (continued)

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the asset is realised or the liability is settled based on tax rates and tax laws that have been enacted at the balance sheet date.

Deferred tax is charged or credited to the consolidated income statement, except when it relates to items recognised directly to equity, in which case the deferred tax is also dealt with in the equity account.

Deferred tax assets and liabilities are offset when there is a legally enforceable right for the Company and its subsidiaries to off-set current tax assets against current tax liabilities and when they relate to income taxes levied by the same taxation authority on:

- ▶ either the same taxable entity; or
- ▶ when the Company intends either settle current tax liabilities and assets on a net basis or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

3.18 Segment information

A segment is a component determined separately by the Company and its subsidiaries which is engaged in providing products or related services (business segment) or providing products or services in a particular economic environment (geographical segment), that is subject to risks and returns that are different from those of other segments.

The Company and its subsidiaries' business segments are primarily determined based on the type of products and services provided. The Legal representative identifies the Company's and its subsidiaries geographical segments based on the location of the identifies the Company and its subsidiaries assets, which are mainly taking place within Vietnam. As a result, the presentation of geographical segment information is not required.

3.19 Related parties

Parties are considered to be related parties of the Company and its subsidiaries if one party has the ability to control the other party or exercise significant influence over the other party in making financial and operating decisions, or when the Company and its subsidiaries and other party are under common control or under common significant influence. Related parties can be enterprises and its subsidiaries or individuals, including close members of their families.

25. CORPORATE INCOME TAX

The corporate income tax ("CIT") rates applicable to the Company and its subsidiaries are governed by the Law on Corporate Income Tax No. 67/2025/QH15 ("Law No. 67"), enacted by the National Assembly and effective from 1 October 2025, and applicable for the 2025 corporate income tax period. Accordingly, in preparing these consolidated financial statements, the Company and its subsidiaries apply the CIT rates prescribed under Law No. 67, being 15% of taxable profits for entities with annual total revenue not exceeding VND 3 billion, and 17% of taxable profits for entities with annual total revenue above VND 3 billion and not exceeding VND 50 billion, except for the following cases:

- ▶ The subsidiaries with rooftop solar power projects operated in certain districts of Dak Nong provinces are entitled to a corporate income tax incentive with a tax rate of 10% for 15 years. These subsidiaries are exempt from corporate income tax for the first 4 years from the year taxable income is earned (in 2021) and a 50% reduction of CIT rate for the subsequent 9 years (starting from 2025).
- ▶ The subsidiaries with rooftop solar power projects in Ham Thuan Nam district, Binh Thuan province, are exempt from corporate income tax for the first 2 years from the year taxable income is earned (in 2021) and a 50% reduction of CIT rate for the following 9 years (starting from 2023).

The tax returns filed by the Company and its subsidiaries are subject to examination by the tax authorities. As the application of tax laws and regulations is susceptible to varying interpretations, the amounts reported in the consolidated financial statements could change at a later date upon final determination by the tax authorities.

25.2 Current tax

The current CIT payable is based on taxable income for the current year. The taxable income of the Company and its subsidiaries for the year differs from the profit as reported in the consolidated income statement because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are not taxable or deductible. The Company and its subsidiaries' liability for current tax is calculated using tax rates that have been enacted by the consolidated balance sheet date.

28. SEGMENT INFORMATION

The primary segment reporting format is determined to be business segments as the Company and its subsidiaries' risks and rates of return are affected predominantly by differences in the products and services produced. Secondary information is reported geographically. The operating businesses of the Company and its subsidiaries are organised and managed separately according to the nature of the products and services provided, with each segment representing a strategic business unit that offers different products and serves different markets, including:

- ▶ Electricity production activities;
- ▶ Rendering consulting and management services;
- ▶ Other services including operating lease services and agricultural activities segment.

The legal representative of the Company also determined that the principal activities of the Company and its subsidiaries are mainly in Vietnam, accordingly, the Company and subsidiaries do not present segment information by geographical area.
