No 69/2026/CV-VT

Bien Hoa, 28 March 2026

*Re. explaining the variation of profit in the
Financial Statements for 2025 before and
after audit*

To: - State Securities Commission of Vietnam
- Hanoi Stock Exchange

As stipulated in Section II – Chapter II – Circular 155/2015/TT-BTC issued on 06 October 2015 by the Ministry of Finance regarding information disclosure on the stock market, listed companies are required to periodically publish their quarterly and annual Financial Statements. Viet Thai Electric Cable Corporation would like to provide an explanation for the variation in after-tax profit in the Financial Statements for the financial report 2025 before and after audit as follows:

- Profit after tax 2025 after audit VND 10,700,377,724
- Profit after tax 2025 before audit VND 12,126,267,509

The after-tax profit in the Financial Statements for the 2025 increased by VND 1,425,889,785 compared to the pre-audited financial statements, attributed to the following factors:

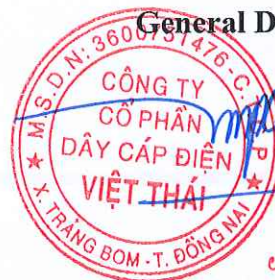

- After the audit, financial income increased due to the recognition of accrued interest on savings deposits as of December 31, 2025, compared to the pre-audit figures.
- After the audit, other expenses decreased compared to the pre-audit figures..

Due to the above factors, the 2025 audited financial statement's after-tax profit increased compared to the pre-audited after-tax profit. Viet Thai Electric Cable Corporation hereby informs the State Securities Commission of Vietnam, the Hanoi Stock Exchange, and valued investors for clarification.

Yours faithfully!
