*Re. explaining the variation of profit in the  
Financial Statements for 2025 compared to  
same period in the previous year*

**To: - State Securities Commission of Vietnam**  
**- Hanoi Stock Exchange**

As stipulated in Section II – Chapter II – Circular 155/2015/TT-BTC issued on 06 October 2015 by the Ministry of Finance regarding information disclosure on the stock market, listed companies are required to periodically publish their quarterly and annual Financial Statements. Viet Thai Electric Cable Corporation would like to provide an explanation for the variation in after-tax profit in the Financial Statements for the financial report 2025 compared to the same period in 2024 as follows:

- After-tax profit in the Financial Statements for the financial report 2025 VND 12.126.267.509
- After-tax profit in the Financial Statements for the financial report 2024 VND 9.215.906.017

The after-tax profit in the Financial Statements for the 2025 saw an increase of VND 2.910.361.492 year on year. This growth was attributed to the following factors:

- A rise in revenue in the of 2025 against the same period in 2024.
- The company continued to produce key raw materials, which contributed to reducing material costs during the year. And a decrease in General and administrative expenses of 2025 over the same period in 2024.

As a result of the foregoing factors, the after-tax profit of 2025 was higher than that of 2024. Viet Thai Electric Cable Corporation hereby informs the State Securities Commission of Vietnam, the Hanoi Stock Exchange, and valued investors of this growth.

**Yours faithfully!**
