- Milestones and development history:

Summary of formation and development history:

Year	Milestone
1964	DakLak Water Supply Center (formerly under the National Water Authority) was constructed with an initial capacity of 4,000 m ³ /day, serving as the predecessor of the current company.
1975	Following national unification, the company was re-established as Buon Ma Thuot Town Water Plant, focusing on water production and supply for the town center with a capacity of 5,000 m ³ /day.
1985	Buon Ma Thuot Town Water Plant was renamed DakLak Water Supply Enterprise (provincial level) by the Provincial People's Committee, with a production and supply capacity of 7,000 m ³ /day-night for Buon Ma Thuot Town.
1993 - 1996	Following the expansion of the Enterprise and the addition of drainage functions, the entity was renamed DakLak Water Supply and Drainage Company under Decision No. 124/QD-UB dated March 3, 1993, by the People's Committee of Dak Lak Province.
2006	The Company was transformed into Dak Lak Water Supply and Construction Investment One Member Company Limited under Decision No. 98/QD-UB dated January 12, 2006, by the People's Committee of Dak Lak Province.

Year	Milestone
2019	On June 27, 2019, the Company officially transitioned into DakLak Water Supply Joint Stock Company.

2. Business lines and areas of operation

- Business lines: The Company primarily operates in the extraction, treatment, and supply of clean water, mainly for domestic consumption and industrial production within Dak Lak Province.

- Areas of operation: In addition to the headquarters in the administrative center of DakLak Province supplying ((former) Buon Ma Thuot City, the Company operates 07 Water Supply Branches across the following districts and towns: Buon Ho, Krong Pak, Ea Kar, Cu M'gar, Ea Sup, Buon Don, and Krong Nang.

3. Corporate governance, organization, and management structure

a. Governance model: According to the Charter of DakLak Water Supply Joint Stock Company, the corporate governance and control structure includes:

- General Meeting of Shareholders
- Board of Directors
- Supervisory Board
- General Director

b. Management structure:

- Chairperson of the Board of Directors: The Legal Representative of the Company; holds overall responsibility for managing and directing all production and business activities.

- General Director and 02 Deputy General Directors: Responsible for overseeing specific departments, branches, and subordinate units.

c. Subsidiaries and associates: None.

4. Development orientation

a. Key objectives.

- Ensure stable, safe, and high-quality clean water supply to meet domestic, production, and commercial needs in accordance with regulatory standards. Maintain a 100% coverage rate for households in the managed areas.

- Strive to achieve targets for water output, revenue, profit, and dividend payout ratios.. Preserve and effectively utilize capital while maintaining healthy financial operations

- Professionalize and modernize labor management and human resource training; accelerate the application of science and technology in production, management, and e-commerce.

- Build DakLak Water Supply Joint Stock Company into a sustainably developing enterprise that protects the environment and fulfills its social responsibilities and state obligations; ensuring a balance of interests among shareholders, partners, customers, employees, and the community.

b. Medium and long-term development strategy.

- Expand the water supply network to provide clean water to underserved areas.

- Invest in modern technology in water production and business to enhance operational efficiency.

- Beyond domestic water supply, the Company has invested in a bottled water project to diversify revenue streams and create jobs for employees.

c. Sustainable development objectives (environmental, social, and community) and key short-term and medium-term programs:

- Strictly comply with legal regulations in production and business activities; fully fulfill tax obligations to the State.

- Accompany local authorities and residents in investing, constructing, and supplying clean domestic water to suburban and rural areas.

- Ensure a harmony of interests between the Enterprise, employees, and shareholders.

5. Risks:

- In 2025, climate change, prolonged cold weather, and storms significantly affected the production and business activities of the water supply industry in general and DakLak Water Supply Joint Stock Company in particular.

- The old pipeline system, invested in over many periods, led to a high clean water loss rate (%), reducing operational efficiency.

- The delay in completing and promulgating the Law on Water Supply and Drainage has somewhat affected investment and water supply safety.

II. Operational situation during the year:

1. Production and business operations

a. Production and business performance results in 2025:

Key production and business indicators such as total revenue, water production volume, and billed water volume basically met the planned targets.

b. Implementation compared to the plan:

Key performance indicators in 2025:

No.	Indicator	Unit	Actual 2025	Plan 2025	% of Plan Achieved
1	Revenue	VND billion	336.31	352.34	95.45
2	Water produced	Million m ³	24.88	25.54	97.42
3	Commercial water volume	Million m ³	20.67	21.65	95.43
4	Water loss rate (%)	%	16.93	15.20	89.78
5	Customer development	Household	5,730	5,375	106.6
6	Profit before tax	VND billion	88.91	58.15	152.9

Profit in 2025 exceeded the plan due to various reasons, including relatively stable USD/VND exchange rates and the Company's implementation of comprehensive cost-saving measures to improve business efficiency.

c. Performance against previous year:

6.8. Report on green capital market activities in accordance with the guidelines of the State Securities Commission.

III. Report and assessment of the Board of Directors

1. Assessment of production and business performance results

Closely following the orientations approved by the General Meeting of Shareholders, the Board of Directors analyzed influencing factors, forecast impacts, thereby formulating development strategies and implementing specific action plans. On the one hand, maintaining and maximizing the efficiency of existing assets and resources to best serve customers while ensuring the Company's interests.

In 2025, the Board of Directors actively led the Company in managing production and business activities, closely following the planned targets for implementation and basically completed the production and business performance results for 2025.

2. Financial situation

a) Asset situation:

Data on changes in tangible fixed assets during the period:

Unit: VND billion

Asset value	Opening value	Increase	Decrease	Remaining value
Total	541.43	30.4	96.17	475.66

b) Liabilities situation:

In 2025, the Company also arranged and allocated capital sources reasonably and timely to ensure capital for investment in network expansion to develop customers, repay ADB loans, and pay suppliers in accordance with the appropriate schedule.

3. Improvements in organizational structure, policies, and management

- Revising, supplementing, and improving the Company's processes and regulations and those of departments and branches to be consistent with the Company's model.

- Arranging, consolidating the organizational structure and appointing personnel as Company leaders and heads of departments and subordinate branches.

4. Future development plan

- Strive to achieve and exceed the production and business targets assigned by the Company;

- Continue to maintain the rate of households supplied with clean water at 100%;

- Strive to reduce water loss rate to the lowest level;

- Build and implement a sound and transparent financial system;
- Ensure harmony of shareholders' interests.

5. Explanation of the Board of Directors regarding the audit opinion (if any):

On 25 March 2026, DakLak Water Supply Joint Stock Company and AFC Vietnam Auditing Company Limited – Northern Branch prepared the audited financial statements for the financial year 2025. In which, the auditing firm issued a qualified opinion: As at the end of the financial year, the Company has not yet finalized the equitization expenses and determined the value of the State capital portion for transfer to the joint stock company due to unresolved financial issues such as receivables and payables that have not been reconciled and confirmed; work-in-progress production costs and construction in progress costs.

With the above opinion, the Company provides the following explanation:

DakLak Water Supply Joint Stock Company was officially converted from DakLak Water Supply and Construction Investment One Member Limited Liability Company (100% State-owned capital) into a joint stock company and has been in operation since June 27, 2019. However, up to now, there has been no official decision approving the finalization of capital and asset handover from the State-owned company to the joint stock company; therefore, the Company has not yet determined work-in-progress costs, construction in progress costs, and receivables and payables for transfer to the joint stock company. The Joint Stock Company has also repeatedly submitted written requests to the DakLak Provincial People's Committee to consider early approval of the capital and asset handover finalization.

6. Report on assessment related to the Company's environmental and social responsibilities

- The Company's water production always complies with and meets the criteria approved by competent authorities.
- The Company ensures employee benefits in terms of employment, as well as provides support and care in their daily lives.
- In addition to production and business activities, the Company actively participates in supporting the community and local areas, such as providing assistance to villages and contributing to charitable funds.

IV. Assessment of the Board of Directors on the Company's operations

1. Assessment of the Board of Directors on all aspects of the Company's operations

In 2025, the Board of Directors strictly performed corporate governance and human resource strategy tasks in accordance with its authority and responsibilities as stipulated in the Articles of Association on Organization and Operation of DakLak Water Supply Joint Stock Company. Members of the Board of Directors made great efforts to fulfill their duties, always acting in the interests of shareholders while maintaining a harmonious balance with the interests of the Company and its employees.

In 2025, under the leadership of the Board of Directors and with the active contributions of all employees of the Company, the Company's business and production

activities achieved certain results. Production and business indicators were basically in line with the planned targets.

2. Assessment of the Board of Directors on the performance of the Board of General Directors

The Board of Directors closely supervised and directed the Board of General Directors in the implementation of the 2025 plan approved by the General Meeting of Shareholders.

The Board of General Directors made considerable efforts and worked in unity to fulfill its role, implementing timely, flexible, and appropriate management solutions in line with the directions and orientations of the Board of Directors. All directives of the Board of Directors were fully implemented by the Board of General Directors, with detailed reporting on implementation results and a high sense of responsibility.

The Board of Directors believes that, with the flexible management solutions of the Board of General Directors and the unity of employees, the Company will achieve the targets assigned by the General Meeting of Shareholders and gradually overcome difficulties in a challenging environment.

3. Plans and orientations of the Board of Directors

In 2026, the Board of Directors will continue to improve regulations and procedures, enhance the role of each member to promptly coordinate and handle issues arising during the operation of production and business activities, ensuring effective governance and maximizing shareholders' interests.

The Board of Directors commits to active operations with a high sense of responsibility to achieve the highest efficiency for the Company and increase value for shareholders. In addition to the tasks assigned by resolutions of the General Meeting of Shareholders, the Board of Directors sets out the 2026 plan as follows:

No.	Indicator	Unit	Actual 2025	Plan 2026	% Plan 2026 / Actual 2025
1	Revenue	VND billion	336.31	358.40	106.57
2	Water produced	Million m ³	24.88	25.33	101.81
3	Commercial water volume	Million m ³	20.67	21.51	104.06
4	Water loss rate (%)	%	16.93	16.85	(0.08)
5	Customer development	Household	5,730	5,782	100.91
6	Profit before tax	VND billion	88.91	67.01	75.37

Specific actions:

The Board of Directors will continue to direct efforts to enhance the exploitation and efficiency of water supply projects and facilities, and to optimize water distribution;

accelerate the recovery of former customers; and shift the proportion of clean water usage by restaurants and hotels to a higher level.

The Company will invest in expanding the water supply network and installing clean water supply systems, and plans to seek approval to maintain the exploitation capacity of existing sources, while also investing in the construction of additional plants at certain branches, ensuring a long-term outlook of 10–15 years and aligning with local urban planning and development orientations.

The Board of Directors will assign the Board of Management to develop effective solutions to reduce water loss, and to implement the renovation, upgrading, and replacement of deteriorated and damaged water networks.

In addition, to strengthen corporate governance, in 2026, in accordance with the Resolution of the General Meeting of Shareholders, the Board of Directors will gradually improve internal regulations and procedures, supervise the management and administration of the Executive Board, and enhance the role of each member of the Board of Directors to promptly coordinate and address issues arising in the course of business operations, thereby ensuring maximum benefits for shareholders.

In 2025, no violations occurred that affected the interests of shareholders, and the Supervisory Board did not receive any requests from shareholders to investigate violations or any other requests.

VI. Financial statements

1. Auditor's opinion:

The auditor's assessment of the Company's 2025 financial statements is presented in Audit Report No. 119/2026/BCKT-PB.00463 dated March 25, 2025, issued by AFC Vietnam Auditing Company Limited – a member of PKF International.

In which, the auditing firm issued a qualified opinion: As at the end of the financial year, the Company has not yet finalized the equitization expenses and determined the value

of the State capital portion for transfer to the joint stock company due to unresolved financial issues such as receivables and payables that have not been reconciled and confirmed; work-in-progress production costs and construction in progress costs.

Except for the effects of the matters described in the qualified audit opinion, the financial statements present fairly, in all material respects, the financial position of DakLak Water Supply Joint Stock Company as at December 31, 2025, as well as its results of operations and cash flows for the year then ended, in accordance with Vietnamese Accounting Standards, the Vietnamese Enterprise Accounting Regime, and relevant legal regulations on the preparation and presentation of consolidated financial statements.

2. Audited financial statements: The contents of the audited financial statements for 2025 are attached to this Report.

Recipients:

- State Securities Commission;
- Members of the Board of Directors;
- Head of the Supervisory Board;
- Board of General Directors;
- Filing: Archived.

THE BOARD OF MANAGEMENT'S REPORT

3. The Company's Financial position and operating results

The Company's financial position as at December 31, 2025 and its operating result for the fiscal year ended at the same day are presented in the accompanying financial statements.

4. Events subsequent to the balance sheet date

There have been no significant events occurring after the balance sheet date which would require adjustments or disclosures to be made in the financial statements.

5. Auditors

AFC Vietnam Auditing Co., Ltd has been appointed to audit the financial statements for the fiscal year ended December 31, 2025.

6. Statement of the Board of Management's responsibility in respect of the financial statements

The Board of Management is responsible for the financial statements for the fiscal year ended December 31, 2025 which gives a true and fair view of the state of affair of the Company and of its results and cash flows for the fiscal year ended same day. In preparing those financial statements, The Board of Management is required to:

- Select suitable accounting policies and then apply them consistently;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basic unless it is inappropriate to presume that the Company will continue in business; and
- Design, implement and maintain the Company's internal control for prevention and detection of fraud and error.

The Board of Management is responsible for ensuring that the proper accounting records are kept which disclose, with reasonable accuracy at any time, the financial position of the Company and to ensure that the accounting records comply with the Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting. The Board of Management is also responsible for controlling the assets of the Company and therefore has taken the appropriate measures for the prevention and detection of fraud and and other violations.

The Board of Management confirms that the Company has complied with the above requirements in preparing the financial statements.

7. Commitment to information disclosure

The Board of Management commits that the Company complies with Decree 155/2020/ND-CP dated December 31, 2020 of the Prime Minister detailing the implementation of a number of articles of the Securities Law and that the Company does not violate obligation to disclose information in accordance with the provisions of Circular No. 96/2020/TT-BTC dated November 16, 2020, Circular No. 68/2024/TT-BTC dated September 18, 2024 of the Ministry of Finance guiding the disclosure of information on the Stock Market.

No. 119/2026/BCKT-PB.00463

INDEPENDENT AUDITOR'S REPORT

**To: The Shareholders, Board of Directors and Board of Management
Dak Lak Water Supply Joint Stock Company**

We have audited the accompanying financial statements of Dak Lak Water Supply Joint Stock Company, ("the Company"), prepared on March 25, 2026, as set out from page 06 to page 36, which comprise the balance sheet as at December 31, 2025 and the income statement, the cash flow statement for the fiscal year ends on the same date and the Notes to the financial statements.

Board of Management's responsibility

The Board of Management is responsible for the preparation and fair presentation of these financial statements of company in accordance with Vietnamese Accounting Standards, accounting regime for enterprises and legal regulations relating to financial reporting and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Vietnamese Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Company's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by Board of General Directors, as well as evaluating the presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our excepted audit opinion.

Basis of the audit opinion except

As at January 1, 2025 and December 31, 2025, in the items of cost of production in progress and construction in progress on the balance sheet, there are still some works with a total value of VND 2,064,060,569 has arisen from previous years and not continued in the current year. The Company has not yet conducted an assessment of the recoverable value of these works. With the Company's existing documents, we were unable to obtain sufficient appropriate audit evidence regarding the accuracy and recoverability of this item, and the effect (if any) on the financial statements for the financial year ended December 31, 2025.

INDEPENDENT AUDITOR'S REPORT (Continued)

By the end of the fiscal year, the Company has not yet been able to finalize the cost of equitization and determine the value of the State capital to hand over to the Joint Stock Company due to the fact that it has not dealt with the outstanding financial problems. The value of payables to the State for equitization being recorded in other payables on the balance sheet as at January 1, 2025 and as at December 31, 2025 is VND 2,497,465,174. Depending on the discretion of the Regulator, the amounts presented in the financial statements may be subject to change upon final decision.

Receivables and payables on the balance sheet as at January 1, 2025 and as at December 31, 2025 have not yet been reconciled and confirmed with the receivables and payables of which: collected from customers in the amount of VND 4,030,199,208, prepaid to the seller in the amount of VND 237,933,000, other receivables in the amount of VND 1,429,121,727 and payable to the seller in the amount of VND 496,904,992. Accordingly, we were unable to obtain sufficient appropriate audit evidence about the accuracy, existence and recoverability of these balances and the effect (if any) on the items in the statements financials for the year ended December 31, 2025.

As at January 1, 2025 and as at December 31, 2025, the Company has tracked of other payables on the balance sheet of the Japanese Government loan in accordance with Decision No. 882/QĐ-UB issued April 5, 2002 of the People's Committee of Dak Lak province on the investment in the water supply project of Quang Phu town, Cu M'Gar district with the amount of VND 8,059,727,581. At the time of this report, the Company has not yet determined the loan object, loan term and interest rate.

Excepted audit opinion

In our opinion, except for the effect of the matters described in the paragraph: "Basis of the audit opinion", the financial statements give a true and fair view, in all material respects, of the financial position of Dak Lak Water Supply Joint Stock Company as at December 31, 2025, as well as its results of operations and cash flows for the fiscal year ended on the same date, in accordance with accounting standards Vietnamese accounting system, Vietnamese corporate accounting system and legal regulations related to the preparation and presentation of financial statements.

The charter capital of the Company is VND 315.200.000.000 (Three hundred fifteen billion two hundred million dong).

Number of shares: 31,520,000 shares, par value: VND 10,000/share.

Head office is located at: 339 Ton Duc Thang Street, Tan An Ward, Dak Lak Province.

1.2 Business sectors

The Company's business sectors are the production and supply of water.

1.3 Business activities

According to Business Registration Certificate No. 6000175995 issued by the Department of Planning and Investment of Dak Lak Province, the Company's main business activities include:

- Exploiting, treating and supplying water;
- Construction of public works;
- Construction of other civil engineering works./.

1.4 Normal production and business cycle

The normal production and business cycle of the Company does not exceed 12 months.

1.5 Characteristics of the Company's operations during the financial year that affect the financial statements

During the fiscal year ended December 31, 2025, there were no activities that had a significant impact on the financial statements of the Company.

1.6 Personnel

The number of employees of the Company as at December 31, 2025 is: 304 people. (As at December 31, 2024 is: 299 people).

2. ACCOUNTING PERIOD AND ACCOUNTING CURRENCY

2.1 Accounting period

The accounting period of the Company begins on January 01 and ends on December 31.

2.2 Accounting currency

The Company maintains its accounting record in Vietnamese Dong (VND).

3. APPLICABLE ACCOUNTING STANDARDS AND REGIME

3.1 Applicable Accounting Standards and Regime

The Company applies the corporate accounting system promulgated in accordance with the Circular No. 200/2014/TT-BTC dated December 22, 2014 of the Ministry of Finance guiding the corporate accounting regime; Circular 53/2016/TT-BTC dated March 21, 2016 of the Ministry of Finance amending and supplementing a number of articles of Circular 200/2014/TT-BTC.

The Company applies Vietnamese Accounting Standards, Circulars guiding the corporate accounting regime and other circulars guiding the implementation of Accounting Standards of the Ministry of Finance in the preparation and presentation of financial statements.

3.2 Comply with the Vietnamese Accounting Standards and Vietnamese Accounting Regime

The Company applies Vietnamese Accounting Standards and supplement documents issued by the State. Financial statements are prepared in accordance with regulations of each standard and supplement documents as well as with current accounting regime.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Basis of preparation the financial statements

The financial statements are prepared on the accrual basis (except for information relating to cash flows).

4.2 Transactions in foreign currencies

Transactions arising in foreign currencies are converted by the exchange rate at the date of the transaction. The balances of monetary items denominated in foreign currencies at the fiscal year end date are converted by the exchange rate at that date.

Exchange differences arising from transactions in foreign currencies are recognized in the financial income or financial expense. Exchange differences arising from revaluation of monetary items denominated in foreign currencies at the balance sheet date after off-setting the differences is recognized in the financial income or financial expense.

4.3 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, collaterals, short-term investment with an original maturity of less than three months with high liquidity, that are readily convertible into known amounts of cash and that are subject to an insignificant risk of change in value.

4.4 Financial investments

Investments held to maturity

Investments are classified as held to maturity when the Company has the intention and ability to hold to maturity. Held-to-maturity investments include: term deposits with banks (including bills and promissory notes), bonds, and preferred shares that the issuer is required to redeem at a specified date in the future and held-to-maturity loans for the purpose of earning periodic interest and other held-to-maturity investments.

Held-to-maturity investments are initially recognized at cost, including the purchase price and costs associated with the acquisition of the investments. After initial receipt, these investments are recognized at their recoverable amounts. Interest income from investments held to maturity after the acquisition date is recognized in the income statement on an accrual basis. Interest earned before the Company holds it is deducted from the original cost at the time of purchase.

When there is strong evidence that part or all of the investment may not be recovered and the amount of loss can be measured reliably, the loss is recognized in financial expenses during the year and reduced. directly deduct the investment value.

4.5 Receivables

Recognition principle: Receivables include trade accounts receivable, advances to suppliers, internal receivable, the progress of construction contract receivable (if any) and other receivables at the date of reporting.

- Current assets: withdrawal or settlement period less than 1 year.
- Non-current assets: withdrawal or settlement period more than 1 year.

Provision for doubtful debts: The provision for doubtful debts represents the estimated loss due to non-payment arising on receivables that were outstanding at the balance sheet date.

Provision for doubtful bad debts is made for each doubtful debts based on the aging of overdue debts or the estimated losses that may occur, as follows:

For receivables without having overdue but is hardly to be collected: based on expected losses for the provision.

4.6 Inventories

Inventories are paid to the original price. In case the net realizable value is lower than the original cost, it must be calculated according to the net realizable value. The cost of inventory includes the cost of direct materials, direct labor, and manufacturing overhead, to bring the inventory to its current location and condition. Net realizable value is determined at the estimated selling price less costs to complete and any marketing, selling, and distribution costs incurred.

Net realizable value is the estimated selling price of inventories in the ordinary course of business, less the estimated costs of completion and the estimated costs necessary for their consumption.

The value of inventories is calculated using the weighted average method and is accounted for using the perpetual inventory method.

Provision for devaluation of inventories is made for each inventory item whose cost is greater than its net realizable value. For services in progress, the provision for devaluation is calculated for each type of service with a separate price. Increase or decrease in the balance of provision for devaluation of inventories that need to be set up at the end of the financial year is recorded in cost of goods sold.

4.7 Prepaid expenses

Short-term prepaid expenses are expenses amortized within 12 months including operating expenses waiting to be allocated equivalent to revenue in 2025.

Long-term prepaid expenses include expenses actually incurred but related to the results of production and business activities of many accounting periods. Prepaid expenses of the Company include the following expenses:

Tools

Instruments that have been put into use are amortized to expenses on a straight-line basis with an amortization period not exceeding 3 years.

Water meter subscription cost

Water meter subscription costs are stated at cost and amortized over a 5-year audit cycle.

4.8 Tangible fixed assets

Tangible fixed assets are stated at cost less accumulated depreciation. The historical cost of tangible fixed assets includes all costs incurred by the Company to acquire the fixed asset up to the time of bringing that asset to the ready-for-use state. Expenses incurred after initial recognition are only recorded as an increase in cost of fixed assets if these costs are certain to increase future economic benefits from the use of such assets. Expenses incurred that do not satisfy the above conditions are recorded as production and business expenses in the period.

When tangible fixed assets are sold or disposed of, their cost and accumulated depreciation are written off and any gain or loss resulting from the disposal is recognized in income or expenses for the year.

Tangible fixed assets are depreciated on a straight-line basis over their estimated useful lives. The number of years of tangible fixed assets is as follows:

<u>Type of fixed asset</u>	<u>Number of years</u>
Buildings and structures	05 - 25
Machinery and equipment	05 - 10
Means of transport, transmission	07 - 30
Equipment and tools for management	05 - 10

4.9 Intangible fixed assets

Intangible fixed assets are stated at cost less accumulated depreciation. The cost of a tangible fixed asset includes its purchase price and directly attributable costs of bringing the asset to its intended use. Expenses for upgrading and renovating intangible fixed assets are recorded as an increase in the cost of the assets and other expenses are charged to the income statement when incurred. The Company's intangible fixed assets include:

Software

The value of non-hardware computer software is amortized on a straight-line basis over 3 years.

Right to exploit underground water

Groundwater exploitation rights are stated at cost and amortized on a straight-line basis over 3-20 years over the term of the grant.

4.10 Construction in progress

Construction in progress reflects costs that are directly related (including related interest expenses in accordance with the Company's accounting policy) to assets under construction machinery and equipment being installed for production, leasing and management purposes as well as costs related to the repair of fixed assets in progress. These assets are stated at cost and are not depreciated.

4.11 Liabilities and prepaid expenses

Trade payables, internal payables, other payables, loans at the reporting time, if:

- Payment term of less than 1 year or within one production and business cycle is classified as short-term debt.
- Payment term of more than 1 year or over a business cycle is classified as long-term debt.

Payable expenses include actual expenses that have not yet been incurred but are deducted in advance from production and business expenses in the period to ensure that when incurred costs actually do not cause a sudden change in production and business costs in the period. Basis to ensure the principle of matching between revenue and expenses. When those expenses are incurred, if there is a difference with the deducted amount, the accountant shall record additional or decrease expenses corresponding to the difference.

4.12 Borrowings and finance lease liabilities

Loans are tracked by each lender, each loan agreement and the repayment terms of the loans. In case of borrowing in foreign currency, detailed monitoring in original currency is carried out.

Loans with a repayment term of more than 12 months from the time of making the financial statements, presented by the accountants as long-term finance leases and loans. Accounts due to be paid within the next 12 months from the date of making the financial statements, the accountants present as loans and short-term financial lease liabilities to have a payment plan.

4.13 Capital

Owners' equity

Capital is recorded according to the amount actually invested by shareholders.

4.14 Profit distribution

Profits after corporate income tax are distributed to shareholders after setting aside funds in accordance with the Company's Charter as well as the provisions of law and approved by the General Meeting of Shareholders.

The distribution of profits to shareholders is taken into account the non-monetary items included in the undistributed profit after tax that may affect the cash flow and the ability to pay dividends such as interest due to revaluation of assets. capital contribution, profit from revaluation of monetary items, financial instruments and other non-monetary items.

Dividends are recognized as a liability when approved by the General Meeting of Shareholders and a notice of dividend payment is issued.

4.15 Revenue

Revenue from sales of goods

Sales revenue is recognized when the following conditions are simultaneously satisfied:

- The enterprise has transferred the majority of risks and benefits associated with the right to own the products or goods to the buyer;
- The enterprise no longer holds the right to manage the goods as the goods owner, or the right to control the goods;
- Turnover has been determined with relative certainty;
- The enterprise has gained or will gain economic benefits from the good sale transaction; and
- It is possible to determine the costs related to the goods sale transaction.

Revenue from sales of service rendered

Revenue of a transaction involving the rendering of services is recognised when the outcome of such transactions can be measured reliably. In case that a transaction involves the rendering of services is attributable to several periods, revenue is recognised in each period by reference to the percentage of completion of the transaction at the interim balance sheet date of that period. The outcome of a transaction can be measured reliably when all four following conditions are satisfied:

- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the company;
- The percentage of completion of the transaction at the interim balance sheet date can be measured reliably; and
- The costs incurred for the transaction and the costs to complete the transaction can be measured reliably.
- The stage of completion is assessed by reference to surveys of work performed.

Interest

Gain from investments is recognized when the Company has the right to receive the interest.

4.16 Borrowing costs

Borrowing costs include interest and other costs incurred directly related to the borrowings.

Borrowing costs are recognized as expenses when incurred. Where borrowing costs are directly related to the investment in construction or production of unfinished assets that require a sufficiently long period (more than 12 months) before they can be put into use for the intended purpose or sold. This borrowing cost is capitalized. For separate loans for the construction of fixed assets, investment real estate, interest is capitalized even if the construction period is less than 12 months. Gains arising from the temporary investment of loans are written down to the cost of the related assets.

4.17 Corporate income tax

Corporate income tax expenses include current corporate tax and deferred corporate income tax.

Current income tax

Current income tax is a tax calculated on taxable income. The difference between taxable income and accounting profit is due to the adjustment of temporary differences between tax and accounting, non-deductible expenses as well as the adjustment of non-taxable income and losses are carried forward.

The company applies a tax rate of 10% on taxable income to taxable income from clean water production and trading activities - socialization activities in the field of environment according to Decree No. 218/2013/ND-CP dated March 26, 2013 and Decree No. 69/2008/ND-CP dated May 30, 2008. The company applies a tax rate of 20% for other business activities.

4.18 Related parties

A party is considered to be related to the Company if it has the ability to control the Company or exercise significant influence over the Company in making financial and operating decisions.

When considering each relationship of related parties, the nature of the relationship is paid attention to, not merely its legal form.

8. FINANCIAL INSTRUMENTS

The Company has financial assets such as loans, trade and other receivables, cash and short-term deposits arising directly from the Company's operations. The Company's financial liabilities mainly consist of loans, trade payables and other payables. The main purpose of these financial liabilities is to mobilize financial resources to serve the Company's operations. The Company's financial instruments:

	31/12/2025		Book value 01/01/2025	
	Amount VND	Provison VND	Amount VND	Provison VND
Financial assets

Total	427,940,363,530	424,368,068,830

The Company has not assessed the fair value of its financial assets and financial liabilities as at December 31, 2025 because Circular 210 and current regulations do not provide specific guidance on determining the fair value of financial assets and financial liabilities. Circular 210 requires the application of International Financial Reporting Standards on the presentation of financial statements and disclosure of information for financial instruments but does not provide equivalent guidance for the measurement and recognition of financial instruments, including the application of fair value, in order to comply with International Financial Reporting Standards.

Risk management is an indispensable function for the entire business operations of the Company. The Company has established a control system to ensure a reasonable balance between the cost of risks arising and the cost of risk management.

The Company is exposed to market risk, credit risk and liquidity risk.

The Board of Directors reviews and agrees to apply management policies for the above risks as follows:

i. Market risk

Market risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate due to changes in market prices. Market risk includes: interest rate risk, commodity price risk and other price risk.

Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate due to changes in market interest rates. The Company's market risk due to changes in interest rates mainly relates to the Company's cash, short-term deposits and loans.
The Company manages interest rate risk by analyzing the competitive situation in the market to obtain an interest rate that is beneficial to the Company's purposes and remains within its risk management limits.

Commodity price risk

The company purchases raw materials and goods from domestic suppliers to serve production and business activities. Therefore, the Company will bear the risk from changes in the selling price of raw materials and goods. This risk will be managed by the Company by purchasing from a large number of different suppliers, as well as being flexible in negotiation.

ii. Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or transaction contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) and from its financing activities, including deposits with banks, foreign exchange transactions and other financial instruments.

Total	180,602,942,855	-	-	180,602,942,855

iii. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting its financial obligations due to lack of funds. The Company's liquidity risk arises primarily from the fact that its financial assets and financial liabilities have different maturities.

The Company mitigates liquidity risk by maintaining a level of cash and cash equivalents and borrowings that the Board of Management believes is adequate to finance the Company's operations and to mitigate the risk of fluctuations in cash flows.

The table below summarizes the maturity of the Company's financial liabilities based on expected payments under undiscounted contracts:

DAK LAK WATER SUPPLY JOINT STOCK COMPANY
339 Ton Duc Thang Street, Tan An Ward, Dak Lak Province
