Therefore, Vinacap Kim Long Joint Stock Company would like to explain the business results report for the quarter I 2026 as follows:

Index		Quarter I 2026 (million VND)	Quarter I 2025 (million VND)	Increase/Decrease
1	Revenue	105.684	110.456	-4.32%
2	Profit after corporate income tax	354	529	-33.08%

**Reason for fluctuation:**

In addition, our Company has been significantly affected by the consequences of global geopolitical conflicts, including supply chain disruption, rising input material price, increased logistics cost, higher exchange rate and bank interest rate; consequently, our Company's profit margin has been narrowed, and our Company's after-tax profit was decreased 33.08% compared to the first quarter of 2025.

The above is the explanation of Vinacap Kim Long Joint Stock Company, We respectfully inform State Securities Commission, Hanoi Stock Exchange for this information.

Best regards!
