### 2. ACCOUNTING SYSTEM AND ACCOUNTING POLICY

#### 2.1. Accounting period and accounting currency

Annual accounting period commences from 1 January and ends as at 31 December.

The Company maintains its accounting records in Vietnam Dong (VND).

#### 2.2. Standards and Applicable Accounting Policies

##### *Applicable Accounting Policies*

The Company applies Corporate Accounting System issued under the Circular No. 99/2025/TT-BTC dated 27/10/2025 by the Ministry of Finance .

##### *Declaration of compliance with Accounting Standards and Accounting System*

The Company applies Vietnamese Accounting Standards and supplementary documents issued by the State. Financial Statements are prepared and presented in accordance with regulations of each standard and supplementary document as well as with current Accounting Standards and Accounting System.

#### 2.3. Standards and Applicable Accounting Policies

The preparation of Financial Statements in conformity with Vietnamese Accounting Standards, Vietnamese Corporate Accounting System and legal regulations relating to financial reporting requires to make estimates and assumptions that affect the reported amounts of liabilities, assets and disclosures of contingent liabilities and assets at the date of the separate financial statements and the reported amounts of revenues and expenses during the fiscal year.

---

The estimates and assumptions that have a material impact in the Financial Statements include:

- Provision for bad debts
- Provision for devaluation of inventory
- Estimated useful life of fixed assets
- Classification and provision of financial investments
- Estimate the percentage of completion of revenue
- Estimated income tax

Such estimates and assumptions are continually evaluated. They are based on historical experience and other factors, including expectations of future events that may have a financial impact on the Company and that are assessed by Financial Statements to be reasonable under the circumstances.

## **2.4. Financial instruments**

### *Initial recognition*

#### Financial assets

Financial assets of the Company include cash, cash equivalents, trade receivables, other receivables, lending loans, long-term and short-term investments. At initial recognition, financial assets are identified by purchasing price/issuing cost plus other expenses directly related to the purchase and issuance of those assets.

#### Financial liabilities

Financial liabilities of the Company include borrowings, trade payables, other payables and accrued expenses. At initial recognition, financial liabilities are determined by issuing price plus other expenses directly related to the issuance of those liabilities.

### *Subsequent measurement after initial recognition*

Financial assets and financial liabilities are not revalued according to fair value at the end of the year because the Circular No.210/2009/TT-BTC and prevailing statutory regulations require to present Financial statements and Notes to financial instruments but not provide any relevant instruction for assessment and recognition of fair value of financial assets and financial liabilities.

## **2.5. Cash and cash equivalents**

Cash comprises cash on hand, demand deposits.

Cash equivalents are short-term investments with the maturity of not over than 3 months from the date of investment, that are highly liquid and readily convertible into known amount of cash and that are subject to an insignificant risk of conversion into cash.

## **2.6. Financial investments**

Trading securities are initially recognized at original cost which includes purchase prices plus any directly attributable transaction costs such as brokerage, transaction fee, cost of information provision, taxes, bank's fees and charges. After initial recognition, trading securities are measured at original cost less provision for diminution in value of trading securities. Upon liquidation or transfer, cost of trading securities is determined using weighted average method.

Investments held to maturity comprise term deposits (including treasury bills and promissory notes), bonds, preference shares which the issuer is required to repurchase at a certain time in the future and loans, etc. held to maturity to earn profits periodically and other held to maturity investments.

## 2.7. Receivables

The receivables shall be recorded in details in terms of due date, entities receivable, types of currency and other factors according to requirements for management of the Company. The receivables shall be classified into short-term receivables or long-term receivables on the financial statements according to their remaining terms at the reporting

The provision for doubtful debts is made for receivables that are overdue under an economic contract, a loan agreement, a contractual commitment or a promissory note and for receivables that are not due but difficult to be recovered. Accordingly, the provisions for overdue debts shall be based on the due date stipulated in the initial sale contract, exclusive of the debt rescheduling between contracting parties and the case where the debts are not due but the debtor is in bankruptcy, in dissolution, or missing and making fleeing or estimating the possible losses.

## 2.8. Inventories

Inventories are initially recognized at original cost including purchase price, processing cost and other costs incurred in bringing the inventories to their location and condition at the time of initial recognition. After initial recognition, at the reporting date, inventories are stated at the lower of cost and net realizable value.

Net realizable value is estimated based on the selling price of the inventory minus the estimated costs for completing the products and the estimated costs needed for their consumption.

Inventory is recorded by perpetual.

Provision for devaluation of inventories made at the end of the year is based on the excess of original cost of inventory over their net realizable value.

## 2.9. Fixed assets, Finance lease fixed assets

Fixed assets are initially stated at the historical cost. During the using time, fixed assets are recorded at cost, accumulated depreciation and carrying amount.

### *Subsequent measurement after initial recognition*

If these costs augment future economic benefits obtained from the use of tangible fixed assets are extended to their initial standards conditions, these costs are capitalized as an incremental in their historical cost.

Other costs incurred after tangible fixed assets have been put into operation such as repair, maintenance and overhaul costs are recognized in the Statement of Income in the year in which the costs are incurred.

---

##### **a) Current corporate income tax expenses**

Current corporate income tax expenses are determined based on taxable income during the year and current corporate income tax rate.

Deferred corporate income tax expenses are determined based on deductible temporary differences, the taxable temporary differences and corporate income tax rate.

Current corporate income tax expenses and deferred corporate income tax expenses are not offset against each other.

For the period from 01/01/2026 to 31/03/2026, The Company applies the corporate income tax rate of 20% for the operating activities which has taxable income.

### 2.21. Earnings per share

Basic earnings per share are calculated by dividing net profit or loss after tax for the year attributable to ordinary shareholders of the Company (after adjusting for the bonus and welfare fund and allowance for Board of Directors) by the weighted average number of ordinary shares outstanding during the year.

Diluted earnings per share are calculated by dividing the net profit or loss after tax attributable to ordinary shareholders of the Company (after adjusting for the bonus and welfare fund, allowance for Board of Directors and interest on the convertible preference shares) by the weighted average number of ordinary shares that would be issued by conversion of all dilutive potential ordinary shares into ordinary shares.

### 2.22. Related Parties

The parties are regarded as related parties if that party has the ability to control or significantly influence the other party in making decisions about the financial policies and activities. The Company's related parties include:

- Companies, directly or indirectly through one or more intermediaries, having control over the Company or being under the control of the Company, or being under common control with the Company, including the Company's parent, subsidiaries and associates;
- Individuals, directly or indirectly, holding voting power of the Company that have a significant influence on the Company, key management personnel including directors and employees of the Company, the close family members
- Enterprises that the above-mentioned individuals directly or indirectly hold an important part of the voting power or have significant influence on these enterprises.

In considering the relationship of related parties to serve for the preparation and presentation of Financial Statements, the Company should consider the nature of the relationship rather than the legal form of the relationship.
