Reg.: Explanation of business results
on the Consolidated Financial
Statements for first quarter 2026

To: State Securities Commission
Hanoi Stock Exchange

Pursuant to the Circular No. 96/2020/TT-BCTC dated November 16th, 2020; Circular No. 168/2025/TT-BTC dated September 18th, 2025 of the Ministry of Finance guiding the information disclosure on the stock market, Song Da Consulting Joint Stock Company would like to explain the fluctuations in production and business results for first quarter 2026 compared to those for first quarter 2025 as follows:

In the first quarter 2026, we recorded the maintenance of normal production and business activities, but a increase in profit after corporate income tax of VND 229 million, equivalent to 81% compared to the first quarter 2025, mainly due to:

+ Revenue from sales of merchandises and services rendered in the first quarter of 2026 increased by VND 6.37 billion compared to the first quarter of 2025 due to increased revenue at the parent company, resulting in a gross profit in the second quarter of 2026 increased by VND 1.47 billion compared to the first quarter of 2025.

+ General and administration expenses in the first quarter of 2026 increased by VND 985 million compared to the first quarter of 2025. The main reason are increased labor costs, social insurance contributions, and fuel costs due to rising prices.

+ Other income in Q1/2026 decreased by VND 160 million because in Q1/2025 the company received revenue from the liquidation of fixed assets

The above reason led to a increase in the Company's profit after corporate income tax in first quarter 2026 by VND 229 million, equivalent to a increase of 81% compared to the first quarter 2025.
