2.5. Regarding transactions with parties related to the Company

During the year, the Company had transactions and sales contracts with the Southern Food Corporation (Parent Company) and related parties (as presented in the

notes to the audited financial statements for 2025 and the Corporate Governance Report for 2025).

2.6. Some issues to note

- The company has adjusted its charter capital to VND 255.138 billion, equivalent to 25,513,800 shares, as reported in the financial statements, in accordance with the Resolution of the 1st Extraordinary General Meeting of Shareholders in 2017. However, the procedures for amending the business registration certificate based on the decision to reduce charter capital (reducing the state capital portion) have not yet been approved by the relevant state management agency, so the number of shares held at the Securities Depository Center remains at 29,450,000 shares.

- Regarding its status as a public company: with its current shareholder structure, the company does not yet meet the requirements regarding the percentage of shares held by major shareholders as stipulated by current regulations.

**Regarding the distribution of profits in 2025 and
Profit distribution plan for 2026**

The Board of Directors of Ho Chi Minh City Foodstuff Joint Stock Company respectfully submits to the Annual General Meeting of Shareholders the following plan for profit distribution and dividend payment for 2025 and the profit distribution plan for 2026 of Ho Chi Minh City Foodstuff Joint Stock Company:

1. Profit distribution plan for 2025.

The after-tax profit reported in the 2025 financial statements of the Company, audited by CPA Vietnam Auditing Company Limited, is VND 0.231 billion .

In 2025, the company's business operations were profitable, but it still had accumulated losses of VND 194.096 billion as of December 31, 2025, therefore no funds were allocated and no dividends were distributed.

2. Profit distribution plan for 2026.

Chapter III
ELECTION METHOD

Article 6. Election methods and cumulative voting principles

1. The voting for members of the Board of Directors and members of the Supervisory Board shall be conducted using the cumulative voting method.

2. Each shareholder (*or authorized representative attending the meeting*) has a total number of votes (referred to as the Total Voting Rights). Corresponding to the total number of shares owned (referred to as the total number of shares held) multiplied by the number of elected members of the Board of Directors , the Board of Directors is calculated using the following formula:

Total number of voting rights = Total number of shares held or represented x Number of members to be elected

*Example 1: The number of members elected to the Board of Directors is 4. Mr. X is a shareholder holding 1,000 voting shares. Therefore, Mr. X's total number of votes for the Board of Directors is $(1,000 * 4) = 4,000$ votes.*

*Example 2: The number of members to be elected to the Supervisory Board is 1. Mr. X is a shareholder holding 1,000 voting shares. Therefore, Mr. X's total number of votes for the Supervisory Board is $(1,000 * 1) = 1,000$ votes.*

3. Shareholders (*or their authorized representatives*) have the right to cast all or part of their total votes for one or two candidates.

- Cumulative voting is when a shareholder uses all of their voting rights for one or two candidates.

+ In the case of a shareholder casting all their votes for a single candidate, it means the shareholder uses all of their voting rights for one candidate among the candidates.

+ In the case of a cumulative vote, shareholders use their total voting rights and divide them equally among the candidates.

+ In the case of unevenly distributed voting rights, shareholders use their total voting rights to divide among the candidates, but each candidate may receive an unequal number of votes.

For example: Mr. X is a shareholder holding 1,000 voting shares. Four people have been nominated for the Board of Directors. Mr. X has a total of 4,000 voting rights for the Board of Directors.

The list of candidates includes Mr. A, Mr. B, Mr. C, and Ms. D. Mr. X can vote for one candidate by giving all 4,000 votes to one of the four. Mr. X can also vote evenly by dividing all 4,000 votes equally among the four candidates: Mr. A, Mr. B, Mr. C, and Ms. D, each receiving 1,000 votes. Finally, Mr. X can vote unevenly by giving all 4,000 votes to each of the four candidates: Mr. A, Mr. B, Mr. C, and Ms. D, with each receiving a different number of votes, but the total number of votes does not exceed 4,000.

- Partial cumulative voting is when a shareholder does not use all of their total voting rights for one or more candidates, and the remaining voting rights are not allocated to any candidate.

For example: Mr. X casts a portion of his vote for one candidate, meaning he gives less than 4,000 votes to one of four people: Mr. A, Mr. B, Mr. C, or Ms. D.

Mr. X cast a portion of his votes among four individuals: Mr. A, Mr. B, Mr. C, and Ms. D, each receiving the same or different number of votes, but the total number of votes was less than 4,000.

Article 7. Content of the ballot

1. The ballot paper is printed on blue A4 paper and stamped with the red seal of Ho Chi Minh City Foodstuff Joint Stock Company. The ballot paper is pre-printed with the name of the shareholder/authorized representative, serial number, number of shares owned and/or represented, number of shares authorized, total number of voting rights, and list of candidates.

2. Each ballot clearly states the total number of voting rights. This number varies on each ballot depending on the number of voting shares currently held or represented/authorized. The total number of votes for any candidate may not exceed this number.

3. Shareholders (or their authorized representatives) should double-check the information on their ballots. If there are any errors, they should immediately notify the Ballot Counting Committee to have their ballots replaced.

Article 8. How to fill out the ballot

1. Shareholders (or their authorized representatives) elect a maximum number of candidates equal to the number of candidates to be elected. The ballot for electing members of the Board of Directors should be filled out according to one of the following four methods:

a) All votes allocated to one person: Shareholders mark an X in the box "Vote evenly to only one person from a list of candidates".

The ballot for electing members of the Board of Directors is as follows:

Numerical order (as recorded in the meeting registration list) : **001**

Number of shares owned and/or represented : **1,000 shares.**

04	Vo Thi D		

b) All votes are allocated equally to 4 people: Shareholders mark an X in the box "Vote equally to 4 people according to the ballot list".

The ballot for electing members of the Board of Directors is as follows:

NAME OF SHAREHOLDER/AUTHORIZED REPRESENTATIVE:
Tran Van X

Numerical order (as recorded in the meeting registration list) : **001**

Number of shares owned and/or represented : **1,000 shares.**

Total number of votes : $1,000 \times 4 = 4,000$ votes.

01	Nguyen Van A	X	
0 2	Tran Van B	X	
03	Huynh Van C	X	
04	Vo Thi D	X	

c) Unevenly distributed ballots: Shareholders should clearly indicate the number of votes in the corresponding candidate's ballot box.

The ballot for electing members of the Board of Directors is as follows:

NAME OF SHAREHOLDER/AUTHORIZED REPRESENTATIVE:
Tran Van X

Numerical order (as recorded in the meeting registration list) : **001**

Number of shares owned and/or represented : **1,000 shares.**

Total number of votes : $1,000 \times 4 = 4,000$ votes.

No.	Full name	The vote is evenly distributed.	Number of votes
01	Nguyen Van A		1.000
0 2	Tran Van B		1,000
03	Huynh Van C		500
04	Vo Thi D		500

d) Partial cumulative ballot form: Shareholders should clearly indicate the number of votes in the corresponding candidate's vote count box.

The ballot for electing members of the Board of Directors is as follows:

NAME OF SHAREHOLDER/AUTHORIZED REPRESENTATIVE:
Tran Van X

Numerical order (as recorded in the meeting registration list) : **001**

Number of shares owned and/or represented : **1,000 shares.**

Total number of votes : $1,000 \times 4 = 4,000$ votes.

No.	Full name	The vote is evenly distributed.	Number of votes
01	Nguyen Van A		5 00
0 2	Tran Van B		500
03	Huynh Van C		500

Note: Shareholders who cast their votes according to point d, clause 1 of this Article did not use all of their total voting rights for the candidates; the remaining voting rights (2,000 votes) were not given to any candidate.

2. The ballot for electing members of the Supervisory Board is similar to the ballot for electing members of the Board of Directors, differing only in the number of candidates.

3. If a shareholder (or authorized representative) checks both the "Vote evenly" box and enters the number in the "Number of votes" box, the result will be based on the number of votes in the "Number of votes" box.

Article 9. Valid and Invalid Ballots

1. A valid ballot must meet the following conditions:

a) The ballot papers must be pre-printed, folded, and stamped with the Company's red seal, issued by the Ballot Counting Committee. They must not be altered, erased, or modified, and no content must be added beyond what is stipulated for ballot papers in this Regulation;

b) The ballot containing the total number of votes for a candidate does not exceed the total number of votes cast by the shareholders.

2. The following ballots are considered invalid :

g) Ballots that lack the signature and full name of the shareholder or authorized representative attending the meeting.

h) Ballots submitted after the Ballot Counting Committee has opened the ballot box for counting.

1. In case of an error, the shareholder (or their authorized representative) must contact the Ballot Counting Committee to request a new ballot and must return the old ballot before placing the new ballot in the ballot box.

2. Shareholders (or their authorized representatives) cast their votes into the ballot box in the order (voting direction) specified by the Vote Counting Committee.

3. The vote counting committee supervises the voting process, conducts the vote counting, prepares the vote counting report, and announces the results.

Article 11 Principles of Election Selection of Candidates

1. The elected members of the Board of Directors and the Supervisory Board are determined by the number of votes received, from highest to lowest, starting with the

candidate with the highest number of votes until the required number of members is elected.

2. In the event that two or more candidates receive the same number of votes, a re-election will be held among the candidates with the equal number of votes.
