Re: Explanation for difference of over 10%
of net profit compared to previous year

SOCIALIST REPUBLIC OF VIETNAM

Hanoi, date 30 month 07 year 2026

**To: - State Securities Commission;
- Hanoi Stock Exchange**

Based on Circular 96/2020/TT-BTC dated November 16, 2020, of the Ministry of Finance guiding the disclosure of information on the securities market.

Based on the Q2 2026 financial report of Hai Ha Confectionery Joint Stock Company, the company's after-tax profit in Q2 2026 decreased by over 10% compared to the same period last year. In accordance with information disclosure regulations, Hai Ha Confectionery Joint Stock Company would like to explain the reasons as follows:

The second quarter of each year is a low season due to the seasonal nature of the confectionery market. In addition, prolonged hot weather reduces consumer demand, leading to a decrease in the company's sales revenue compared to the same period of the previous year. Therefore, the company's after-tax profit in the second quarter of 2026 decreased by over 10% compared to the same period of the previous year.

Hai Ha Confectionery Joint Stock Company hereby reports to the State Securities Commission, the Hanoi Stock Exchange, and publishes this information for the awareness of its shareholders and investors.

Best regards./.
