ANNOUNCEMENT

Re: Toan Cau signs a major contract

To: State Securities Commission of Vietnam
Hanoi Stock Exchange
Shareholders of Global Electrical Technology Corporation

Global Electrical Technology Corporation (Stock code: GLT) hereby announces:

GLT has signed a contract for “**MEPF system construction works**” under the STT-VNG Ho Chi Minh Data Center Project (Data Halls 3–4 Expansion). Project owner: **VNG Data Center Joint Stock Company**.

The total contract value is VND 251 billion (excluding VAT). This contract brings the **total accumulated contract value for financial year 2026 to VND 1,200 billion** (including the backlog carried forward from 2025), reaffirming GLT’s reputation, execution capabilities and the quality of the projects it has delivered and is delivering for its customers.

This contract is significant in affirming GLT’s position in delivering large-scale mechanical and electrical systems for domestic and international data center infrastructure. We are committed to dedicating our resources to successfully completing the project and meeting VNG’s highest standards.

We respectfully submit this announcement to the relevant authorities and our shareholders for their information.
