- Information disclosure content: Hanoi FoodStuff Joint Stock Company would like to explain the reason for the change in Profit after Corporate Income Tax of more than 10% in the Separate Financial Statement and Consolidated Financial Statement of the third quarter of 2026 as follows:

Target	Quarter III year 2026	Quarter III year 2025	Difference 2026/2025	% increase (decrease)
Profit after corporate income tax in separate financial statements	1,130,967,730	(26,714,812,948)	27,845,780,678	Profitable
Profit after corporate income tax in consolidated financial statements	(1,088,325,915)	(27,038,607,393)	25,950,281,478	Reduce losses

The Company's profit after tax in the separate financial statements for the third quarter of 2026 was positive, driven by an increase in revenue from the provision of services.

The Company's profit after tax in the consolidated financial statements for the third quarter of 2026 showed a loss, due to an increase in land rental expenses.

Compared to the same period in 2025, the Company's profit after tax in the separate financial statements for the third quarter of 2026 was positive, while the loss in the consolidated financial statements for the third quarter of 2026 decreased; this is because the 2025 figures included costs related to the termination of a contract for the premises at 112 Pho Hue.

We commit that the information disclosed above is true and are fully responsible before the law for the content of the disclosure.

Sincerely thank you.
